from any and all such claims not including damages due to the fault or negligence of the United States or its contractors.

13. Subject to Easements. This Easement Agreement is subject to all other existing easements, or those subsequently granted as well as established access routes for roadways and utilities located, or to be located, on Offutt Air Force Base, provided that the proposed grant of any new easement or route will be coordinated with the Grantee, and easements will not be granted which will, in the opinion of the Installation Commander, interfere with the use of the Facilities by the Grantee.

14. Required Services. The Grantee shall furnish through said Facilities such services as may be required from time to time for the Residential Community.

15. [Intentionally deleted.]

16. Termination. This Easement Agreement may be terminated fully or partially by the Grantor upon thirty (30) days written notice to the Grantee (a) for failure of the Grantee to comply with the terms of this grant (see 10 USC § 2669), or (b) for non-use of the Facilities or Easements for a period of two years, or (c) for abandonment of the Easement or Facilities.

17. Soil and Water Conservation. The Grantee shall maintain, in a manner satisfactory to the Installation Commander, all soil and water conservation structures that may be in existence upon said Premises at the beginning of or that may be constructed by the Grantee during the term of this Easement Agreement, and the Grantee shall take appropriate measures to prevent or control soil erosion within the Easements herein granted. Any soil erosion occurring outside the Premises resulting from the activities of the Grantee shall be corrected by the Grantee as directed by said officer.

18. Environmental Protection.

(a) Within the limits of their respective legal powers, the parties hereto shall protect the Premises against pollution of its air, ground, and water. The Grantee shall promptly comply with any laws, regulations, conditions or instructions affecting the activity hereby authorized as currently in effect or hereafter issued or prescribed by the Environmental Protection Agency, or any Federal, state, interstate or local governmental agency having jurisdiction to abate or prevent pollution. The disposal of any toxic or hazardous materials within the Premises is strictly prohibited. The Grantee shall not discharge waste or effluent from the Premises in such a manner that the discharge will contaminate streams or other bodies of water or otherwise become a public nuisance.

(b) The use of any pesticides or herbicides within the Premises shall be in conformance with all applicable Federal, state and local laws and regulations. The Grantee must obtain approval in writing from the Installation Commander before any pesticides or herbicides are applied to the Premises.

D

(c) The Grantee will use all reasonable means available to protect the environment and natural resources, and where damage nonetheless occurs arising from the Grantee's activities, the Grantee shall be liable to restore the damaged resources.

19. Environmental Baseline Survey. The Grantee acknowledges receipt of the Environmental Baseline Survey (the "EBS") dated May 8, 2002, for the Premises. If this Easement Agreement is terminated in accordance with Section 16, a separate EBS for the Premises will be prepared and signed by Grantor and Grantee (the "Termination EBS"). The Termination EBS will be used to determine whether Grantee has fulfilled its obligations to maintain and restore the Premises as provided in Section 22 of this Easement Agreement.

20. Historic Preservation. The Grantee shall not remove or disturb, or cause or permit to be removed or disturbed, any historical, archeological, architectural or other cultural artifacts, relics, remains or objects of antiquity. In the event such items are discovered on the Premises, the Grantee shall immediately notify the Installation Commander and protect the site and material from further disturbance until said officer gives clearance to proceed.

21. Non-Discrimination. The Grantee shall not discriminate against any person or persons because of race, color, age, sex, handicap, national origin, or religion in the conduct of operations on the Premises.

22. Restoration. If this Easement Agreement is terminated pursuant to Section 16 above, the Grantee shall, if so directed by the Installation Commander and within such time as said officer may indicate, remove the Facilities and restore the Premises to the satisfaction of said officer. In the event the Grantee shall fail to remove the Facilities and restore the Premises, the United States shall have the option to take over the Facilities without compensation, or to remove the Facilities and perform the restoration and the Grantee shall have no claim for damages against the United States or its officers or agents for such action.

23. Disclaimer. This instrument is effective only insofar as the rights of the United States in the property are concerned, and the Grantee shall obtain such permission as may be required on account of any other existing rights. It is understood that the granting of this easement does not eliminate the necessity of obtaining any Department of the Army permit which may be required pursuant to the provisions of Section 10 of the Rivers and Harbors Act of 3 March 1899 (30 Stat. 1151; 33 U.S.C. § 403) Section 404 of the Clean Water Act (33 U.S.C. § 1344) or any other permit or license which may be required by Federal, state or local statute in connection with use of the Premises.

THIS EASEMENT AGREEMENT is not subject to Title 10, United States Code, and Section 2662, as amended.
