1. The facility or facilities shall be constructed by the Property Owner in accordance with the PCSWMP, which has been reviewed and accepted by the County or its designee.
2. The Property Owner must develop and provide the “BMP Maintenance Requirements”, attached here to as Exhibit “B”, which have been reviewed and accepted by the County or its designee. The BMP Maintenance Requirements shall describe the specific maintenance practices to be performed for the facilities and include a schedule for implementation of these practices. 4. The Property Owner, its administrators, executors, successors, heirs, or assigns hereby grants permission to the County, its authorized agents and employees, to enter upon the property and to inspect the facilities whenever the County deems necessary. The County shall provide the Property Owner copies of the inspection findings and a directive to commence with the repairs

if necessary. The County will require the Property Owner to provide, within 7 calendar days, a written response addressing what actions will be taken to correct any deficiencies and provide a schedule of repairs within a reasonable time frame. Whenever possible, the County shall provide notice prior to entry. The County shall indemnify and hold the Property Owner harmless from any damage by reason of the County's negligent or intentional acts during such entry upon the property.

- 5. The Property Owner its administrators, executors, successors, heirs, or assigns, agrees that should it fail to correct any defects in the facility or facilities within reasonable time frame agreed to in the response by the Property Owner for corrective actions, or shall fail to maintain the structure in accordance with the attached BMP Maintenance Requirements and with the law and applicable executive regulation or, in the event of an emergency as determined by the County or its designee in its sole discretion, the County or its designee is authorized to enter the property to make all repairs, and to perform all maintenance, construction and reconstruction as the County or its designee deems necessary. The County or its designee shall thereafter be entitled to bring an action against the Property Owner to pay, or foreclose upon the lien hereby authorized by this agreement against the property, or both. Interest, collection costs, and reasonable attorney fees shall be added to the recovery to the successful party.

In the event a claim is asserted against the County, its authorized agents or employees, the County shall promptly notify the Property Owner and the Property Owner shall defend at its own expense any suit based on such claim unless due solely to the negligence of the County in which event the County shall be required to defend any such suit at its own expense. Notwithstanding the foregoing, if any claims are made against both the County and the Property Owner, each will be required to defend any such suit or claim against it at its own expense.

C

Each shall be responsible for payment of any recovery to the extent determined in such suit. If any judgment or claims against the County, its authorized agents or employees shall be allowed, the Property Owner shall pay for all costs and expenses in connection herewith except to the extent of the negligence or intentional act of the County.

- 8. The Property Owner shall not in any way diminish, limit, or restrict the right of the County to enforce any of its regulations or ordinances as authorized by law.
