EASEMENT GRANT

KNOW ALL MEN BY THESE PRESENTS:

That CHICAGO PACIFIC CORPORATION, a Delaware corporation, (hereinafter referred to as "Grantor"), in consideration of the sum of TEN AND 00/100 (\$10.00) DOLLARS and other good and valuable consideration in hand paid, does hereby grant unto US TELECOM, INC., formerly known as UNITED TELECOM COMMUNICATIONS, INC. (hereinafter referred to as "Grantee"), 2330 Johnson Drive, Shawnee Mission, Kansas 66205, a nonexclusive perpetual easement for a fiber optic communication system, in the County of CASS State of NEBRASKA, described on Exhibit "A" attached hereto and by reference made a part hereof.

Grantee's use of the property (herein described "premises") is made subject to the following terms and conditions which are deemed covenants and shall run with the land:

1. The fiber optic communication system shall include fiber optic cables, conduit, carrier pipe, poles, cables, fibers, repeaters, junctions, terminals, power sources, power supply access and attendant buildings, equipment, fixtures and appurtenances incidental to such use.

2. Grantee shall have access to the premises for the installation of the fiber optic cable and support devices, access to aerial or marine rights for fiber optic cable installation, and land for Grantee at locations approved by Grantor to construct equipment shelters, support structures and other facilities, as needed. Where applicable, the fiber optic cable shall be placed at a depth of not less than 5'6" below the base of the rails of the track or tracks where it passes under same and not less than 3' below the surface of the ground at any point on the premises except where rock makes placement at a depth of 3' impractical. At Grantee's option, the fiber optic cable may be attached to bridges or structures subject to Grantor's prior written consent which shall not be unreasonably withheld. The Easement is for the installation, inspection, maintenance, repair, reinstallation, replacement and use of fiber optic cables, support devices and buildings, and for reasonable access thereto. Any subsequent fiber optic communication system or cables which Grantee may install pursuant to its Easement Agreement with Grantor dated October 1, 1984, shall require the filing of additional Easement Grant(s), except for replacement cables or facilities required due to the failure or defect of a prior installed cable or facilities.

3. Should the construction, maintenance, operation or presence of said fiber optic communication system necessitate any change or alteration in the location or arrangement of any railroad facilities or appurtenances owned or possessed by Grantor, Grantor shall do or cause to be done any necessary changes or alterations necessary for railroad operating purposes only and Grantee agrees to pay to Grantor the cost of said changes or alterations, said cost to be mutually agreed to by the parties. Should it, for reasons of railroad safety or as a result of railroad operations, become necessary to repair or change the locations, elevation or method of construction of said fiber optic communication system or any part thereof, the Grantee shall do such work upon receipt of a written request to do so made upon it by the Grantor.

4. Grantor shall permit Grantee reasonable right of entry for the purpose of constructing, installing, replacing, repairing, inspecting, maintaining, reinstalling, and operating said fiber optic communication system, it being understood that Grantor may restrict the location of entry point or access on or over the premises.

5. Grantee shall have the right to mark the location of the fiber optic communication system by suitable markers set in the ground which shall not interfere with any reasonable use Grantor shall make of the premises.
