PARTIAL EASEMENT ASSIGNMENT

This Partial Easement Assignment ("Partial Assignment") is made by and between Interstate Power and Light Company, an Iowa corporation ("Assignor") and ITC Midwest LLC, a Michigan limited liability company ("Assignee").

Pursuant to the Asset Sale Agreement by and between Assignor and Assignee dated as of January 18, 2007 (the "Asset Sale Agreement"), Assignor hereby assigns to Assignee that portion of Assignor's right, title and interest in the transmission portion of those Shared Easements existing as of the date hereof (as that term is defined in the Asset Sale Agreement) and identified on Exhibit A attached hereto and incorporated herein by reference including non-exclusive rights of access to the Purchased Assets located on, under, over or within the Shared Easements. Assignor also hereby assigns to Assignee without warranty that portion of Assignor's currently asserted right of operation of any transmission rights which are not explicitly listed in Exhibit A but for which Assignor may have inchoate rights as yet undetermined.

It is agreed and understood that the easements assigned hereunder involve joint sharing or shared use of easement rights or areas by and between Assignor, on the one hand, and Assignee, on the other hand, and Assignor and Assignee shall work together and cooperate fully to allow each other access to and use of their respective easement rights or areas. Assignee shall be solely responsible for maintenance and repair of all Purchased Assets (as defined in the Asset Sale Agreement) located on, under, over or within the Shared Easements and Assignor shall be solely responsible for maintenance and repair of all of its mains, lines and other facilities located on, under, over or within the Shared Easements. Assignee shall be solely liable for repairing or replacing any damage it causes to the Shared Easements or any portion thereof and Assignor shall be solely liable for repairing or replacing any damage it causes to the Shared Easements or any portion thereof.

Subject to the limitations contained herein or in the Shared Easements, this Assignment, and the rights, obligations and interests assigned hereby, shall be perpetual and shall run with the lands described within the Shared Easements, and shall be binding upon and insure to the benefit of Assignor and Assignee and each and all of their respective successors and assigns. This Assignment shall be construed in accordance with the laws of the State of Iowa.

Assignee hereby accepts this assignment of Shared Easements, agrees to be bound by the terms and conditions of said Easements, and agrees to assume all obligations and liabilities of Assignor pursuant to such easement interests on the date hereof.

Notwithstanding anything herein to the contrary, this Partial Assignment is being executed and delivered pursuant to the Asset Sale Agreement and is subject in all respects to the terms, conditions and limitations thereof.

This Partial Assignment may be executed in one or more counterparts, all of which when taken together, shall constitute one and the same instrument. This Assignment is made, executed and delivered pursuant to the above-referenced Asset Sale Agreement.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be effective as of the 20 day of December, 2007, to be effective as of 12:01 a.m. on this day.
