If the parties fail to agree upon any such new location for the underground electric facilities, the Grantee shall have the right to determine the most suitable location for the easement therefore and the Grantor agrees to convey such easement; and if the parties fail to agree upon any such new location for underground electric facilities, the Grantee shall have no obligation to replace or provide the underground electric facilities across or to any such property. In determining the locations for further installation the Grantee shall at all times exercise due care and diligence to avoid injury or damage to the property of the Grantor or their successors.

The Grantee agrees that should the lines and underground electric facilities constructed hereunder be abandoned for a period of five years, the right-of-way or easement hereby secured shall then cease and terminate, and this contract shall be of no further force and effect.
