ARTICLE III.

RESTRICTIONS FOR SINGLE FAMILY RESIDENTIAL DWELLINGS

A. Single Family Lots. All Lots shall be subject to the following restrictions:

1. The Lot shall be used only for residential purposes, and no Lot shall contain more than one (1) detached, single family dwelling.

2. No building shall be created, altered, placed or permitted to remain on any Lot other than the one (1) detached, single family dwelling referred to above, and said dwelling shall conform to the following requirements:

a. Each one story dwelling shall contain no less than 1,200 square feet of Living Area above the basement level and exclusive of garage area.

b. Each one and one-half or two story dwelling shall contain no less than 1,700 square feet of total Living Area above the basement level with a minimum of 900 square feet on the main floor, exclusive of garage area.

c. B. General Restrictions. All dwelling units described in A above shall comply with the following restrictions.

1. All dwellings shall, as a minimum, have attached, enclosed, side-by-side two car garages which must contain a minimum area of 400 square feet built at approximately the main level of the dwelling. Other or additional garages may be permitted at the discretion of the Architectural Control Committee.

2. For the purposes of these restrictions, two-story height shall, when the basement wall is exposed above finish grade, be measured from the basement ceiling on the exposed side(s) to the eave of the structure on the same side(s). Living Area means finished habitable space, measured to the exterior of the enclosing walls, and does not include porches, stoops, breezeways, courtyards, patios, decks, basements, garages or carports. The maximum height of the dwelling shall be two (2) stories. The basement is not considered a story even if it is one hundred percent (100%) above grade on one or more sides, and essentially below grade on the other sides.

3. Exposed portions of the foundation on the front of each dwelling are to be covered with clay-fired brick or stone even if a portion of those exposed foundations may be perpendicular, or nearly so, to the affronting street. Exposed portions of the foundation on the side of each dwelling facing the street, when said dwelling is located on a corner lot, are to be covered with clay-fired brick or stone. If the fireplace and/or enclosure for the fireplace flue is constructed in such a manner so as to protrude beyond the outer perimeter of the side or rear of the dwelling, the enclosure of the fireplace and flue shall be constructed of, or finished with, the same material as is the dwelling at the point from which the fireplace and/or the flue protrudes or shall be constructed of, or finished with, clay-fired brick or stone. No furnace flue may protrude more than four (4) feet from the roof of the dwelling, as measured from the top cap of the flue to the point from which the flue emerges from the roof. The maintenance of said sidewalks, after construction, shall be the responsibility of the Owners of each of the Lots.

9. The Declarant has created a water drainage plan by grading the Properties and installing improvements and easements for storm drainage in accordance with accepted engineering principles. No building shall be placed, nor any Lot graded, to interfere with such water drainage plan nor cause damage to the building or neighboring buildings or Lots.

10. No stable or other shelter for any animal, livestock, fowl or poultry shall be erected, altered, placed or permitted to remain on any Lot. No animals, livestock, fowl or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats, or other household pets maintained within the dwelling may be kept, provided that they are not kept, bred or maintained for any commercial purpose and, provided, that they are kept confined to the Lot of their owner and are not permitted to run loose outside the Lot of the Owner.

Any exterior air conditioning condenser units or heat pump units shall be placed in the designated side or rear yard of the dwelling. Detached accessory buildings are not permitted.

12. No automobile, boat, camping trailer, van-type campers, auto-drawn trailer of any kind, mobile home, motorcycle, snowmobile or other self-propelled vehicles shall be stored or maintained outside of the garage. For purposes of the preceding provision, "stored or maintained outside of the garage" shall mean, parking the vehicle or trailer on the driveway, or any other part of the Lot, outside of the garage, for seven (7) or more consecutive days. All repair or maintenance work on automobiles, boats, camping trailers, van-type campers, auto-drawn trailers of any kind, mobile homes, motorcycles, snowmobiles or other self-propelled vehicles done on the premises must be done in the garage. The dedicated street right-of-way located between the pavement and the Lot line of any residential Lot shall not be used for the parking of any vehicle, boat, camper or trailer. Automobiles and other self-propelled vehicles parked out-of-doors within the premises above-described, or upon the streets thereof, must be in operating condition.

13. All Lots shall be kept free of rubbish, debris, merchandise and building material; however, building materials may be placed on Lots when construction is started on the main residential structure intended for such Lot. In addition, vacant Lots where capital improvements have not yet been installed shall not be used for dumping of earth or any waste materials, and shall be maintained level and smooth enough for machine mowing. No vegetation on vacant Lots where capital improvements have not yet been installed shall be allowed to reach more than a maximum height of twelve (12) inches.

14. Except for the purpose of controlling erosion on vacant Lots, no field crops shall be grown upon any Lot at any time.

15. No noxious or offensive activity shall be carried on upon any Lot, nor shall anything be done thereon which may be, or may become, an annoyance or nuisance to the neighborhood, including, but not limited to, odors, dust, glare, sound, lighting, smoke, vibration and radiation.

16. A dwelling on which construction has begun must be completed within one (1) year from the date the foundation was dug for said dwelling.

17. Small vegetable gardens and rock gardens shall be permitted only if maintained in the designated rear yard of any Lot, behind the dwelling on said Lot. Further, rock gardens must be approved by the Architectural Control Committee.

18. No residential dwelling shall be occupied by any person as a dwelling for such person until the construction of such dwelling has been completed, except for minor finish details as determined and approved by the Architectural Control Committee.

19. No advertising signs or posters of any kind shall be erected or placed on any of said Lots, except the residential "For Sale" and "Sold" signs, not exceeding six (6) square feet in size, shall be permitted and, provided further, that such restriction as to sign size shall not apply to signs erected by the Declarant, or his agents, in the development of Castle Ridge and Castle Ridge Replat.

20. All driveways shall be constructed of concrete or brick.

21. The front, side and rear yards of all Lots shall be sodded, and two (2) trees, each not less than two (2) caliper inches in diameter, shall be planted in the front yard of each residence. No trees shall be planted in the dedicated street right-of-way located between the pavement and the Lot line. All yards shall be sodded and the trees planted within one (1) year from the date that construction for the residence on the Lot was initiated.

22. No television antenna, no antenna of any kind or nature, no satellite dish, no solar collecting panels or equipment, no wind generating power equipment shall be allowed on the Lots except that if they are inside the dwellings or otherwise completely concealed from view from all other Lots, television antennas and satellite dishes will be allowed.

telephone and telegraph and message services and cable television under a 8-foot strip of land adjoining the rear boundary lines of all interior Lots, a 16-foot strip of land adjoining the rear boundary lines of all exterior Lots and a 5-foot strip of land adjoining all side boundary lot lines and said license is being granted for the use and benefit of all present and future owners of said Lots; provided, however, that said lot line easement is granted upon the specific condition that if any said utility companies fail to construct wires or conduits along any of the said lot lines within 36 months of the date hereof, or if any wires or conduits are constructed but hereafter removed without replacement within 60 days after their removal, then this lot line easement shall automatically terminate and become void as to such unused or abandoned easementways. No permanent buildings shall be placed in perpetual easementway, but the same may be used for gardens, shrubs, landscaping and other purposes that do not then or later interfere with the aforesaid uses or rights herein granted.

B. All telephone, cable television and electric power service lines from property line to dwelling shall be underground.

ARTICLE V.
GENERAL PROVISIONS

A. The Declarant, or its assigns, or any Owner of a Lot named herein, shall have the right to enforce by proceeding at law or in equity, all restrictions, conditions, covenants, and reservations, now or hereinafter imposed by the provisions of this Declaration, either to prevent or restrain any violation of same, or to recover damages or other dues for such violation. Failure by the Declarant or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

B. The covenants and restrictions of this Declaration shall run with and bind the land for a term of twenty-five (25) years from the date this Declaration is recorded. This Declaration may be amended by the Declarant, or any person, firm, corporation, partnership, or entity designated in writing by the Declarant, in any manner it shall determine in its full and absolute discretion for a period of five (5) years from the date hereof. Thereafter this Declaration may be amended by an instrument signed by the Owners of not less than ninety (90%) percent of the Lots covered by this Declaration.

C. Invalidation of any one of these covenants by judgment or court order shall in no way effect any of the other provisions hereof which shall remain in full force and effect.

IN WITNESS WHEREOF, the Declarant has caused these presents to be executed this 21st day of July, 1994.
