system a water system, a system of sidewalks, public roads,
streets, and highways; to contract for water for fire protection
and for resale to residents of the District, and to contract for
gas and for electricity for street lighting for the public streets
and highways within the District; to construct electric service
lines and conduits, and gas mains, or to contract for the installation and operation thereof; and to acquire, improve and operate
public parks, playgrounds, and recreational facilities. In lieu
of establishing its own water system, the District may contract
with any utilities district, municipality or corporation for the
installation of a water system and to provide water service for fire protection and for the use of the residents of the District.
•
4. The District has power to levy an unlimited property tax
to pay its debt and its expenses of operation and maintenance.
5. The District is required by statute to levy special
assessments on property in the District to the full extent of special benefits arising by reason of improvements installed by it.
