Covenant for Maintenance Assessments

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarants, for each Lot owned within the Properties, hereby covenant, and each Owner of any Lot by acceptance of a deed therefore, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) monthly assessments or charges (except, however, the Conveyed Lots, which shall remain subject only to the terms and provisions that were contained in Article V of the Declaration that was filed for record as Instrument Number 2003111947 in the Miscellaneous Records in the office of the Register of Deeds of Douglas County, Nebraska, on June 12, 2003, including the provisions relating to annual assessments and maximum amount of annual assessments), and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The monthly and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Properties and for the grounds and lawn care maintenance and other purposes described herein or described in Article IV, Section 2, and for the improvement and maintenance of the Common Areas, all Median Islands, and the areas on which the Association has an easement as described in Article IX, Section 3. Assessments shall be levied solely against an Assessable Lot. Assessable Lot shall mean and refer to any Improved Lot that the Board of Directors of the Association determines is entitled to the benefits for which assessments are levied by the Association as provided in this instrument. An Improved Lot shall mean and refer to any Lot upon which shall be erected a dwelling the construction of

which shall be at least eighty percent (80%) constructed according to the plans and specifications for construction of said dwelling.

Section 3. Monthly Assessments. The Board of Directors shall have the authority to levy and assess from time to time against any Assessable Lot any monthly maintenance assessment for the purpose of meeting the requirements of this Article, which assessments may not be equal for each lot or dwelling.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in an assessment year, a special assessment applicable to the year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3rds) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum for Any Action Authorized Under Sections 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than 10 days nor more than 50 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast Sixty Percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be ten percent (10%) of all the votes entitled to be cast. Any such subsequent meeting shall be held within 60 days following the preceding meeting.

Section 6. Rate of Assessment. The monthly and special assessments shall be paid pro rata by the Owners of all Assessable Lots based on the total number of Assessable Lots; provided, however, the Board of Directors of the Association may equitably adjust such prorations if it determines that certain Assessable Lots on which all of the improvements are not yet completed do not receive all of the benefits for which such assessments are levied. The monthly assessments may be collected on a monthly or other periodic basis by the Association. The Board of Directors of the Association shall fix the amount of the monthly or other periodic assessments against each Assessable Lot. Written notice of the assessment shall be sent to every Owner subject thereto. The dates payments are due shall be established by the Board of Directors. The special assessments for capital improvements shall only be assessed against the Assessable Lot for which the costs of such construction, reconstruction, repair or replacement of any capital improvements occurs. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association, setting forth whether or not all assessments on a specified Assessable Lot have been paid. A properly executed certificate of the Association as to the status of assessments, on a particular Assessable Lot shall be binding upon the Association as of the date of its issue by the Association.

Section 7. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall be deemed delinquent and shall bear interest from the date of delinquency at the rate of ten percent (10%) per annum. Should any assessment remain unpaid more than sixty (60) days after the due date, the Association may declare the entire unpaid portion of said assessment for said year to be immediately due and payable and thereafter delinquent. The Association may bring an action

at law against the Owner personally obligated to pay the same, or may foreclose the lien of such assessment against the property through proceedings in any court having jurisdiction of actions for the enforcement of such liens. No Owner may waive or otherwise escape liability for the assessments provided herein by abandonment of title or transfer of such Owner's Lot.

Section 9. Subordination of Assessments. The lien on the assessments provided for herein shall be subordinate to the lien of any first mortgage, first deed of trust, or other initial purchase money security interest or device, and the holder of any first mortgage, first deed of trust or other initial purchase money security interest or device, on any Lot may rely on this provision without the necessity of the execution of any further subordination agreement by the Association. Sale or transfer of any Lot shall not affect the status or priority of the lien for assessments made as provided herein. The Association, if authorized by its Board of Directors, may release the lien of any delinquent assessments on any Lot as to which the first mortgage, first deed of trust or other initial purchase money security interest or device thereon is in default, if such Board of Directors determines that such lien has no value to the Association. No mortgagee shall be required to collect any assessments due. The Association shall have sole responsibility to collect all assessments due.

Section 10. Abatement of Dues and Assessments. Notwithstanding any other provision of this Declaration, the Board of Directors may abate all or part of the dues or assessments due in respect of any Lot, and shall abate all dues and assessments due in respect of any Lot during the period such Lot is owned by either of the Declarants.

Section 11. Monthly Assessments. Monthly assessments may be assessed for, but not limited to, the following:

- A. Care and maintenance of trees and shrubs, lawns, and other exterior landscaping improvements as originally installed by either of the Declarants or builder. The Owner understands that the original landscape as installed by either of the Declarants is warranted for one year from the time of planting. The Owner is responsible for replacement of all dead landscaping improvements after the one year warranty period expires and the Owner agrees to allow the Association to replace such dead landscape improvements at the expense of the Owner of record at the time of replacement and the owner shall reimburse the Association on demand.
- B. Seasonal start up and shut down of an underground watering system.
- C. Snow removal from drives, front walks and stoops only as to be determined by the guidelines set forth by the Board of Directors.
- D. Trash removal, unless provided by local governmental authorities.
- E. The Association shall have no duty to repair, replace or maintain any exterior concrete surfaces, including walks, driveways, patios, foundations, doors, windows, and decks.
- F. Reserves for replacements, repairs and maintenance as determined by the Board of Directors.

Section 12. Access. The Association, its officers, employees and agents, contractors and repair persons designated by the Association, shall have the right to go on any Lot for the purpose of performing the duties of the Association hereunder, and the Association is hereby granted a specific easement for such purpose.

(ii) Declarants shall review such Plans in relation to the type and exterior of improvements and construction, or approved for construction, on neighboring Lots and in the surrounding area and any general scheme or plans formulated by Declarants. In this regard, Declarants intend that the Lots shall form a developed residential community with homes constructed of high quality materials. The exposed foundation wall for any street side yard on any main residential structure must be constructed of or faced with brick or simulated brick or stone or stucco. All exposed interior side and rear concrete or concrete block foundation walls not facing a street must be painted. The terms "front yard", "street side yard", "interior side yard" and "rear yard" shall have the same meaning as the zoning ordinance for the City of Omaha. All driveways must be constructed of concrete, brick, paving stone, asphalt or laid stone. All foundations shall be constructed of concrete, concrete blocks, brick or stone. Fireplace chimneys shall be covered with brick, stone or siding. The roof of all improvements shall be covered with shingles that have been approved in writing by the Declarants.

Section 7. No vehicle repairs, other than emergency repairs or repairs of a minimal nature needed to be performed to move a vehicle off the Properties, shall be allowed on the Properties. The Association is expressly authorized to tow away, at an offending owner's expense, any vehicle referred to in this Section which is in violation hereof or in violation of the rules and regulations governing parking as may be adopted by the Board of Directors. No boats, boat, trailers, campers, canoes, recreational vehicles, vehicles used primarily for recreational purposes, vehicles primarily used for commercial purposes, or vehicles with commercial writings on their exterior shall be stored, allowed to remain, or parked in the subdivision, except in an area, if any, designated by the Board of Directors or except as otherwise permitted by the Declarants, or if the Declarants have released and relinquished this power, by the Association's Board of Directors.

Section 8. No boat, camper, trailer, auto-drawn or mounted trailer of any kind, motorcycle, motor home, recreation vehicle, mobile home, truck, aircraft, camper truck or similar chattel shall be maintained or stored on any part of a Lot (other than in an enclosed structure). No chain link fences or vinyl covered chain link fences shall be permitted. No hedges or mass planted shrubs shall be permitted more than ten (10) feet in front of the front building line. All produce or vegetable gardens shall be maintained only in rear yards.

Section 13. No livestock, fowl or poultry of any kind shall be permitted on any Lot. No grass, weeds or other vegetation will be grown or otherwise permitted to commence or continue, and no dangerous, diseased or otherwise objectionable shrubs or trees will be maintained on any Lot so as to constitute an actual or potential public nuisance, create a hazard or undesirable proliferation, or detract from a neat and trim appearance. Vacant Lots shall not be used for dumping of earth or any waste materials, and no vegetation on vacant Lots shall be allowed to reach a height in excess of twelve (12) inches.

Section 15. No structure of a temporary character, trailer, basement, tent, outbuilding or shack shall be erected upon or used on any Lot at any time, either temporarily or permanently. No structures, dwellings or modular housing improvements shall be moved to any Lot from outside THE HIGHLANDS, THE HIGHLANDS REPLAT ONE or THE HIGHLANDS REPLAT TWO.

In addition to the restrictions above, the Declarants and the Association shall have the right to make and to enforce reasonable rules and regulations governing the use of the Lots.

No exterior painting shall be commenced upon the Properties except such painting as shall be approved by the Declarants. In the event the Declarants fail to act upon such design and location within thirty (30) days after said plans and specifications have been submitted to the Declarants, approval will not be required and this Article will be deemed to have been fully complied with. The term exterior lots is herein defined as those lots forming the outer perimeter of the above-described addition. Said sixteen-foot (16') wide easement will be reduced to an eight-foot (8') wide strip when the adjacent land is surveyed, platted and recorded. A perpetual easement is further reserved for the Metropolitan Utilities District, Peoples Natural Gas, and the City of Omaha, their successors and assigns, to erect, install, operate, maintain, repair and renew pipelines, hydrants and other related facilities, and to extend thereon pipes for the transmission of gas and water on, through, under and across a five-foot (5') wide strip of land abutting all cul-de-sac streets; this license being granted for the use and benefit of all present and future owners of these Lots; provided, however, that such licenses and easements are granted upon the specific conditions that if any of such utility companies fail to construct such facilities along any of such Lot Lines within thirty-six (36) months of date hereof, or if any such facilities are constructed but are thereafter removed without replacement within sixty (60) days after their removal, then such easement shall automatically terminate and become void as to such unused or abandoned easement ways. No permanent buildings, trees, retaining walls or loose rock walls shall be placed in the said easement ways, but the same may be used for gardens, shrubs, landscaping and other purposes that do not then or later interfere with the aforesaid uses or rights herein granted.

Section 2. A perpetual easement is hereby reserved in favor of and granted to the Declarants and to the Association on, over, through, under and across an eight-foot (8') wide strip of land abutting the front boundary lot lines of all Lots for the purpose of planting one or more trees in order to create a tree canopy over the streets throughout the Properties. Any tree planted by the Declarants shall not be removed by any Owner or by any person acting at the request or direction of any Owner without obtaining the express written consent of the Declarants and the Association. Each Owner shall have the duty to maintain any tree within the easement area of the Owner's Lot at the Owner's sole expense.

Section 3. A perpetual easement is hereby reserved in favor of and granted to the Declarants and to the Association on, over, through, under and across a ten-foot (10') wide strip of land abutting the rear boundary lot lines of all Lots whose rear yards abut the Pacific Street Right-of-Way for the purposes of planting and maintaining one or more trees and other landscaping, with an underground sprinkler system. If the Declarants plant any trees or other landscaping within the easement area described in this section, then no Owner or other person at the request or direction of any Owner shall remove or modify any tree or other landscaping within the easement area described in this section without obtaining the written consent of the Declarants and the Association. No Owner shall be permitted to erect any fence or enclose in any manner the easement area that is described in this section.

Section 4. In the event that ninety percent (90%) of all Lots within the subdivision are not improved within five (5) years after the date on which Qwest Corporation files notice that it has completed installation of telephone lines to the Lots in the subdivision (herein the "Subdivision Improvement Date"), then Qwest Corporation may impose a connection charge on each unimproved Lot in the amount of Four Hundred Fifty and no/100 Dollars (\$450.00). A Lot shall be considered as unimproved if construction of a permanent structure has not been commenced on a Lot. Construction shall be considered as having commenced if a footing inspection has been requested on the Lot in question by officials of the City or other appropriate governmental authority.

Should such charge be implemented by Qwest Corporation and remain unpaid, then such charge may draw interest at the rate of twelve percent (12%) per annum commencing after the expiration of sixty (60) days from the time all of the following events shall have occurred: (1) the Subdivision Improvement Date, and (2) Qwest Corporation sends the owner of record a written statement or billing for Four Hundred Fifty and no/100 Dollars (\$450.00) for each unimproved Lot.
