**SECOND AMENDMENT TO DECLARATION OF COVENANTS,  
 CONDITIONS AND RESTRICTIONS FOR PACIFIC MEADOWS  
 LOTS 1 THROUGH 235 INCLUSIVE**

THIS SECOND AMENDMENT ("Second Amendment") TO DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR PACIFIC MEADOWS is effective as of the date it is recorded and has been executed on the dates hereinafter set forth by the Owners of not less than ninety percent (90%) of the Lots covered by the Declaration (defined below).

**PRELIMINARY STATEMENT**

WHEREAS: By Declaration of Covenants, Conditions and Restrictions for Pacific Meadows Lots 1 Through 235 Inclusive, recorded January 27, 1987, in Book 802, Page 615; and amended by Amendment to Restrictive Covenants dated July 10, 1991, recorded in Book 970, Page 701; of the Miscellaneous Records of the Register of Deeds of Douglas County, Nebraska (hereinafter referred to collectively as the "Declaration"), the following described Lots were subjected to certain restrictions, covenants, conditions and easements:

Lots 1 through 235, inclusive, of Pacific Meadows, a subdivision, as surveyed, platted and recorded in Douglas County, Nebraska.

WHEREAS: Article VI, Paragraph B of the Declaration provides for amendment of the Declaration.

WHEREAS: The Owners desire to continue to protect and enhance the values, integrity, character and residential quality of all Lots and improvements to the Lots.

**NOW, THEREFORE**, in consideration of the forgoing preliminary statements and the mutual covenants of the Owners of the Lots, the Owners have amended and restated certain clauses of the Declaration as follows:

RETURN: FHPM Homeowners Assn  
PO Box 540352  
Omaha NE 68154

**1. Article II; Architectural Control.** The Paragraphs and Subparts of Article II of the Declaration are deleted and replaced with the following.

A. No dwelling, fence, wall, driveway, patio, patio enclosure, deck, swimming pool, rock garden, tree-house, tool shed, television or radio antenna, solar collecting panels or equipment, wind-generating power equipment, or other external improvements, above or below the surface of the ground, that do not conform with this Declaration shall be built, erected, placed, planted, altered, or otherwise maintained or permitted to remain on any Lot, nor shall any grading or excavation be commenced, without express written prior approval of the Architectural Control Committee or its permission by implied approval procured in the manner set forth below.

B. The Architectural Control Committee shall consider general appearance, exterior color or colors, architectural character, harmony of external design and location in relation to surroundings, topography, location within Lot boundary lines, quality of construction, size and suitability for residential purposes as part of its review procedure. Only exterior colors of earthtone hues will be acceptable unless approved by the Architectural Control Committee. The Architectural Control Committee specifically reserves the right to deny permission to construct, place, or alter any of the above mentioned improvements which it determines will not conform to the general character plan and outline for the Properties.

C. Documents submitted for approval shall be clear, concise, complete, consistent, and legible. All drawings shall be to scale. Samples of materials to be included in the improvement may be required of the applicant at the discretion of the Architectural Control Committee. Submittals for approval shall be made in duplicate and the comments and actions of the Architectural Control Committee will be marked on both copies. One copy may be retained as part of the permanent records of the committee, and one copy shall be returned to the applicant. Each applicant shall submit to the committee the following documents, materials, and/or drawings (as applicable).

1. Site plan indicating specific improvement and indicating Lot number, street address, grading, surface drainage and sidewalks.

2. Complete construction plans, such as, but not limited to, basement and upper floor plans, floor areas of each level, wall sections, stair and fireplace sections, and exterior elevations clearly indicating flues or chimneys, type and extent of siding, roofing, other faces and/or veneer materials, and colors.

3. An architectural review fee of fifty dollars (\$50.00) per improvement plan or Lot will be charged. Said fee is subject to adjustment or waiver at the discretion of the Architectural Control Committee. Additional review fees may be required for

resubmissions for the same Lot, or alterations or additions to previously reviewed submittals. If construction has commenced on any improvement without Architectural Control Committee approval, the review fee will be one hundred dollars (\$100.00). The applicants name, address, and telephone number shall appear on each set of plans submitted. If applicant wishes that his plans be returned via the mail, he shall include with his submittal an additional amount sufficient to cover the postage for same.

D. The approval or disapproval of the Architectural Control Committee as required in these covenants shall be in writing, which may be given electronically. Failure of the committee to give either written approval or disapproval of submitted plans within thirty (30) days after receipt of all of the required documents and fee described above, by mailing such written approval or disapproval to the last known address or electronic address of the applicant as shown on or received with the submitted plans, shall operate as a waiver of the requirements for approval by the Architectural Control Committee and release such plans from the provisions of the covenants contained in this Declaration. Further, construction of any improvements to a Lot that comply with the terms of this Declaration are deemed approved by the Architectural Control Committee, and do not require submission of plans or fees as set forth in this Declaration.

**2. Article III; Restrictions for Single Family Residential Dwellings.** Those Paragraphs of Article III of the Declaration identified in this Section 2 are deleted and replaced with the following. All other Paragraphs of Article III remain as set forth in the Declaration.

G. No fences shall be built forward of the midline of the side walls of the primary residential structure on a Lot; and, under no circumstances, closer to any adjoining street than the property line. Fences may be constructed of wood, decorative iron or such materials as are subject to the approval of the Architectural Control Committee referred to above. Wire or chain-link fences shall not be permitted. Temporary or permanent barbed-wire, electrified, and/or snow fences are strictly prohibited. Decks may be located in the designated rear yard of any Lot, and may be constructed using wood or such other composite materials that are similar in appearance to wood and commonly used for construction of decks.

I. No primary flat or mansard roof shall be permitted on any dwelling. All dwellings shall be roofed with wood shakes, wood shingles, or laminated (three-dimensional or architectural) shingles with a minimum 30 year rating/warranty. All roofing must similarly match the wood shake appearance, must maintain the weathered wood color (shades of brown and gray are acceptable), and must conform to the architectural character and harmony of the neighborhood.

M. No incinerator or trash burner shall be permitted on any Lot. No garbage or trash can or container shall be permitted to remain outside any dwelling, except for pick up purposes during the period twelve (12)

hours before and after the regularly scheduled garbage collection day, unless completely screened from view from every street and from all other Lots in the subdivision. No garden, lawn or maintenance equipment of any kind whatsoever shall be stored or permitted to remain outside of any dwelling except while in actual use. No garage door shall be permitted to remain open except when entry to and exit from the garage is required. No clothesline shall be permitted outside of any dwelling at any time. Any exterior air conditioning condensing units or heat pump units shall be placed in the rear yard of the dwelling and in no case closer than ten (10) feet to the neighboring property line. Detached accessory buildings are not permitted.

S. Vegetable gardens and rock gardens shall be permitted only if maintained and located in the designated rear yard of any Lot. Rock gardens do not include rock commonly used along with landscape.

**3. Article VI; General Provisions.** The Paragraph of Article VI of the Declaration identified in this Section 3 is deleted and replaced with the following. All other Paragraphs of Article VI remain as set forth in the Declaration.

B. The covenants and restrictions of this Declaration shall run with and bind the land for a term of ten (10) years from the date this Declaration is recorded, after which time they shall automatically extend for successive periods of ten (10) years unless terminated prior to expiration by an instrument signed by not less than seventy percent (70%) of the Owners of the Lots covered by this Declaration. This Declaration may be amended by an instrument signed by the Owners of not less than seventy percent (70%) of the Lots covered by this Declaration. Any amendment, modification or extension must be recorded in the office of the Register of Deeds to be effective.

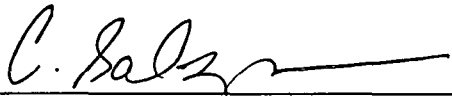

**4. Recording Purposes Statement.** As required pursuant to the terms of Article VI, Paragraph B of the Declaration prior to its amendment herein, signatures of the Owners of not less than 90% of the Lots covered by the Declaration were obtained to effect this Second Amendment; and copies of the Owners' signatures are attached within Schedule A to this Second Amendment. Solely to effect electronic scanning and recording of this Second Amendment by the Douglas County Register of Deeds, this Second Amendment is being executed by officers of the Fountain Hills-Pacific Meadows Homeowners Association, Inc. (the "Association") under Article II, Paragraphs (a) and (b), and Article V of the Association's By-Laws.

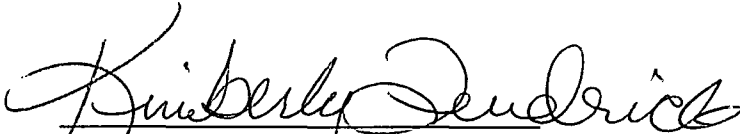

**5. Defined Terms.** Capitalized terms used, but not defined, in this Second Amendment have the meanings given to them in the Declaration.

**6. General.** The Declaration is in all other matters ratified and affirmed.

**SIGNATURE PAGE FOLLOWS**

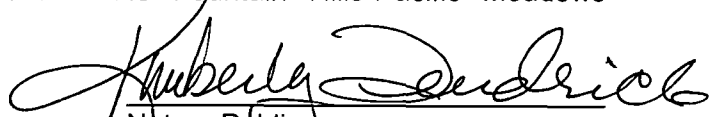

This Second Amendment to Declaration of Covenants, Conditions and Restrictions for Pacific Meadows Lots 1 through 235 Inclusive is executed this January 19, 2012.
