Article V: Architectural Control Committee

5.01 Authorization of Architectural Control Committee. The Association through the Board of Directors in accordance with the Bylaws of the Association shall establish an Architectural Control Committee (also known as "the ACC"). The Architectural Control Committee shall have the rights, powers, and duties provided in the Bylaws of the Association.

5.02 Process for Approval. No Structure will be altered, built, constructed, or otherwise maintained on any Lot without an express written approval executed by the Association through its Architectural Control Committee as provided for in this Declaration and the Bylaws of the Association.

(a) **Submission of Plans.** An Owner desiring to erect or undertake an Improvement shall complete an ACC form, as from time to time approved and amended by the ACC, and deliver two sets of preliminary plans, sketches, or specifications or other provisional data; construction plans; landscaping plans; and plot plans to the ACC, herein collectively referred to as the "Plans". Such Plans shall include a description of type, quality, color and use of materials proposed for the Improvement. Concurrent with submission of the Plans, the Owner shall notify the ACC of the Owner's mailing address. Any comments of the ACC will be identically marked on both copies of the Plans. One copy will be returned to Owner and one copy retained as part of the permanent records of the ACC.

(b) **Repair or Replacement.** An Owner desiring to repair a previous Improvement may do so without submitting Plans to the ACC so long as the repair complies with the covenants of this Declaration and is completed with materials of like-kind and quality. The Association recommends notification to the ACC of all like-kind and quality Improvements for information and expression of compliance with this Declaration.

(c) **Factors Considered by the ACC.** The ACC shall review such Plans in relation to the type and exterior of Improvements constructed or approved for construction on neighboring Lots and in the surrounding area, and any general scheme or plans formulated

by the Association. The Association intends that the Lots shall be a developed residential community with homes constructed of high-quality materials. The decision to approve or refuse approval of a proposed Improvement shall be exercised by the Association and the ACC to promote development of the Lots and to protect the values, character and residential quality of all Lots. If the Association determines that the proposed Improvement will not protect and enhance the integrity and character of all the Lots and neighboring Lots as a quality residential community, the Association may refuse approval of the proposed Improvement.

- (d) **Time to approve.** Written notice of any approval, request for additional information, or disapproval of a proposed Improvement shall be mailed to the Owner at the address specified by the Owner upon submission of the ACC form and Plans. Such notice or notification for additional time to review the Plans shall be mailed within (30) days after the date of submission of the completed ACC form and plans. Requests for partial or whole waiver of application of any covenant or easement thereby extends the time for review under Section 5.03 herein.
- (e) **Liability.** No Lot owner, or combination of Lot owners, or other person or persons shall have any right to any action by the Association, or to control, direct or influence the acts of the Association with respect to any proposed Improvement. No responsibility, liability or obligation shall be assumed by or imposed upon the Association by virtue of the authority granted to the Association in this Article V, this Declaration, the Bylaws of the Association or as a result of any act or failure to act by the Association with respect to any proposed Improvement.
- (f) **Timeliness.** After commencement thereof, all construction on any Lot will be as diligently prosecuted to completion as soon as practicable, and no approved or permitted construction will be maintained on any Lot in uncompleted or unfinished condition for more than twelve (12) months.

5.03 Process for Approval of Waivers. The Architectural Control Committee may consider requests for partial or whole waiver of application of any covenant or easement subject to approval by majority vote of the Association’s Board of Directors at a regularly-held meeting consistent with relevant architectural factors of concern to the Association, and may then issue a permit of waiver granting any such request. No waiver shall be precedent for any subsequent waiver request.

The Association may enforce the provisions of this Article by towing any non-complying vehicle at the vehicle owner's sole risk and expense. This provision shall not preclude commercial vehicles located on the property temporarily, defined as less than 24 hours, to provide services to the Association or a Resident. Additionally, no motor vehicle may be parked or stored outside on any Lot except vehicles driven on a regular basis, at least twice weekly, by the Residents of the Dwelling Unit. The Architectural Control Committee, or its agent, shall further have the right, upon like notice and conditions, to trim or prune, at the expense of the Owner or Resident, any hedge, tree or any other planting that, in the written opinion of the Architectural Control Committee, by reasons of its location on the Lot, or the height to or the manner in which it is permitted to grow, is detrimental to the adjoining Lots contrary to the rules and regulations of the Architectural Control Committee, or is unattractive in appearance. The lien provided under this section shall not be valid against a bona fide purchaser, or bona fide mortgagee, of the Lot in question unless a suit to enforce such lien shall have been filed in the court of record and notice thereof shall have been filed in the appropriate records of Douglas County, Nebraska before the recordation among the records of Douglas County, Nebraska of the deed, or mortgage or deed of trust, conveying the Lot in question to such purchaser, or subjecting the same to such mortgage or deed of trust.

6.22 Timeliness of Construction. After commencement thereof, which shall be deemed to be the date a valid permit is issued by the City of Omaha, all construction on any Lot will be diligently prosecuted to completion as soon as practicable, and no approved or permitted construction will be maintained on any Lot in uncompleted or unfinished condition for more than twelve (12) months following issuance of the building permit or receipt of written approval from the Architectural Control Committee, whichever occurs later. The Owner shall deliver a copy of the building permit obtained from the City of Omaha to the Board of Directors within thirty (30) days of the Owner's receipt of the same. In exceptional cases, as determined by the Board of Directors' majority vote approval, additional time for completion may be granted. An easement is further granted for the purpose of the repair and maintenance of any of the foregoing items so constructed. Any entry upon any Lot or any area owned or to be owned by the Association to effectuate the foregoing purposes shall not be deemed trespass. Each Owner covenants not to damage or destroy any portion of an item so constructed and shall hold the

Association harmless from the cost of repairing or replacing any portion damaged or destroyed by such owner, his family, his guests or invitees.

8.02 Association Easement. The Board of Directors of the Association shall have the right to grant easements, rights-of-way, licenses, and similar interests over any part of the Common Area for any lawful purpose which the Board determines, in its sole discretion, to be in the best interests of the Association. The Association, the managing agent, and any other Persons authorized by the Board of Directors, are hereby granted the right of access over and through any portion of the Property (excluding any dwelling), in the exercise and discharge of their respective powers and responsibilities, including, without limitation, to make inspections, correct any condition originating in a Lot or in the Common Area threatening another Lot or the Common Area, correct drainage, perform installations or upkeep of utilities, landscaping or other Improvements located on the Property for which the Association is responsible for upkeep, or correct any condition which violates the Association Documents. In addition to the easements contained in Section 8.01 and Section 8.02, hereof, the Property is and will be subject to all and each of the following easements for landscape purposes, non-access to Pacific Street, utility conduits, connections, maintenance, and services, hereafter called "easements":

(a) Each of the existing utility companies having a current easement, and their respective assigns and successors will have an easement, together with rights of egress, ingress, and other access thereto for purposes of constructing, installing, maintaining, operating, renewing, or repairing their respective telephone and electric conduits, lines, or any other utility installation or maintenance or other facilities in, over, under and upon a strip or strips abutting the rear boundary line of each Lot other than Lots 1 and 27 through 46 and abutting the side boundary lines of each Lot other than the southerly side boundary line of Lot 1 of five feet in width or, for such lines of Lots 46, 47, 114 through 123, and 146 not shared with any other Lot, of ten (10) feet in width and, further, after installation of any such facility for additional purposes of confining each such strip to its then present grade elevation and prohibiting use thereof for any building, tree, wall, or other structure or any other use inconsistent with the function of such facility; but the easement for any such strip in each Lot will terminate if all such facilities installed therein are completely removed without replacement of any thereof within one hundred eighty (180) days after such removal.

(b) The Association and its assigns and successors will have an easement as to each of Lots 1 and 37 through 46 for purposes of prohibiting and completely restricting all means of egress, ingress, or other access by driveway, road, street, walk or other means of connection between each of such Lots and abutting right of way for Pacific Street.

(c) The Association and its assigns and successors will have an easement, together with rights of egress, ingress, and other access thereto, for purposes of cultivating, installing, maintaining, planting, or renewing shrubs, trees, or other decorative or landscaping vegetation in, over, and upon a strip abutting the southerly side boundary line of Lot 1 and abutting the rear boundary line of each of Lots 37 through 46 of twenty feet in width and, further, for additional purposes of prohibiting any use thereof inconsistent with a landscaped buffer or screen between each of such

Lots and abutting right of way for Pacific Street.

Article IX: Condemnation

9.01 Notice. Whenever all or any part of the Common Areas shall be taken (or conveyed in lieu of and under threat of condemnation by the Board acting on its behalf or on the written direction of all Owners subject to the taking, if any) by any authority having the power of condemnation or eminent domain, each Owner shall be entitled to notice thereof and to participate in the proceedings incident thereto unless otherwise prohibited by law. The award made for such taking shall be payable to the Association as Trustee for all Owners to be disbursed directly to the Association in order to reduce the Annual Assessment in the fiscal year following the year the condemnation award is received by the Trustee, on the Association's behalf.

9.02 Replacement Improvements. If the taking involves a portion of the Common Areas on which Improvements have been constructed, then, unless within sixty (60) days after such taking at least seventy-five percent (75%) of the Members of the Association shall otherwise agree in a vote held at a duly-called and duly-held meeting, the Association shall restore or replace such Improvements so taken on the remaining land included in the Common Areas to the extent lands are available therefore, in accordance with plans approved by the Board of Directors of the Association.

Article X: Extension, Modification and Termination

10.01 Term, Extension, Modification and/or Termination. The conditions and other terms of this Declaration are and will be subject to the following provisions for extension, modification, or termination:

(a) The covenants and restrictions of this Declaration shall run with and bind the land for a term of twenty-five (25) years from the date of the recording of this Declaration, after which time they shall be automatically extended for successive periods of ten (10) years unless amended or terminated as provided in this Article X.

(b) The Association will have the right by an express written permit for the purpose of avoiding undue hardship to waive partly or wholly the application to any Lot of any covenant or easement granted to it; and the Association will have the right in the manner set out in its Articles of Incorporation or its Bylaws, as from time to time amended, at any time or from time to time to extend, modify, or terminate all or any part or parts of this Declaration other than the easements granted to other grantees.

(c) Any grantee, assign thereof, or successor thereto will have the right by an express written termination to terminate any easement granted to such grantee.

Article XI: Enforcement

11.01 Enforcement. Except as excluded by Article VI, Sec. 6.24 hereof applicable to Townhome Lots, the covenants, easements, conditions, and other terms set out in this Declaration are and will be subject to the following enforcement:

(a) The Association and every contract purchaser or Owner of any Lot will be entitled at any time or from time to time to institute any equitable or legal proceeding appropriate, convenient, or necessary for enforcement as to any Lot of any covenant or any easement granted to it and to fix a reasonable charge for such action as a lien upon and charge against such Lot in favor of the Association.

(b) Every grantee, assign thereof, or successor thereto will be entitled at any time or from time to time to institute any equitable or legal proceeding appropriate, convenient, or necessary for enforcement of any easement granted to such grantee.

(c) In addition to the above enforcement provisions, the Association may, in its discretion, impose a charge against each Lot not to exceed the sum of \$50.00 per day for each separate incidence of nonconformance of any Lot with any covenant set forth in this Declaration as may from time to time be amended.

(d) An Owner will be notified of any covenant violation/complaint by written notice from the Architectural Control Committee and will be given twenty-one (21) days to respond with a plan of corrective action or a disputation of the complaint. Violations of Article VI, Sec. 6.06 Exterior Lighting and Signs herein must be corrected immediately within one (1) day of notification of violation/complaint.
