2. Right-of-way: Governmental Actions. This Agreement is contingent upon the City of Lincoln granting Final Approval of the Governmental Actions that generally shows the north 50 feet and north 40 feet of the proposed 60 feet wide Rokeby Road right-of-way on the Wilderness Ridge Tract and the south 10 feet of the proposed 60 feet wide right-of-way on the VerMaas Tract and the south 20 feet of the proposed 60 feet wide right-of-way on the Trustees Tract as shown on the Site Plan; provided that at the intersection of Rokeby Road and South 27th Street, the north 30 feet of the proposed 60 feet wide right-of-way is located on the Wilderness Ridge Tract and the south 30 feet of the proposed 60 feet wide right-of-way is located on the VerMaas Tract and said right-of-way will safely shift back to 50 feet and 10 feet respectively pursuant to the City of Lincoln's design standards as generally shown on the Site Plan. Wilderness Ridge warrants and represents to Trustees that Wilderness Ridge will use its best efforts to seek Final Approval of the Governmental Actions and Trustees warrants and represents to Wilderness Ridge that Trustees will not publicly oppose Wilderness Ridge's requested Governmental Actions as described in this paragraph.

3. Grading Plans: Grading. The Engineer has prepared the Grading Plans, which are subject to City review and approval. After completion of the approved Grading Plans, Wilderness Ridge will grade the Wilderness Tract and Rokeby Road right-of-way (including the knob hill located on the Trustees Tract) located on Trustees Tract pursuant to the Site Plan and Grading Plan. Upon completion of the applicable graded area, Wilderness Ridge shall revegetate the newly graded area. Unless otherwise agreed by the Parties, any revegetation associated with the initial Grading of the Trustees Tract will be with a fescue grass blend and planted and care for in such a fashion as to insure that the revegetated grass blend will be established one year after completion of the initial Grading on Trustees Tract.

4. Construction. Based upon market and business conditions, Wilderness Ridge will be constructing the necessary infrastructure improvements on the Wilderness Tract in phases, generally final platting from north to south. It is anticipated that Rokeby Road may, but not necessarily, be the last final plat phase of infrastructure improvements constructed by Wilderness Ridge.

5. Prorated Costs. Within sixty (60) days of completion of Rokeby Road, the Engineer shall calculate the Prorated Costs for the Trustees Tract and said Prorated Costs shall be the Connection Fee and shall be incorporated into an Affidavit by the Engineer and filed of record within said sixty (60) day period against said tract to state the Trustees Tract actual Connection Fee under the terms of this Agreement .

6. Connection Fee. Wilderness Ridge agrees to fund and finance Rokeby Road conditioned upon the City's Final Approval of the Governmental Actions and the construction of Rokeby Road. In the event Trustees, or their respective Successors or Assigns, or a party with an interest in the Trustees Tract, ever seeks to tap or connect to Rokeby Road for a utility service or access, including without limitation, a water line or service, sewer line or service, road, driveway or access connection or tap to said Rokeby Road, then said party agrees to pay and reimburse (without demand, notice or presentation) Wilderness Ridge a Connection Fee (in cash or certified funds) prior to or at the time of said connection or tap. The Connection Fee for Trustees Tract shall equal the Prorated Costs for said tract based upon the Engineer's Affidavit filed pursuant to paragraph 5 above. Failure to pay the entire Connection Fee prior to, or at the time of connection or tap shall be a default (without demand or notice) herein and the Connection Fee hereunder shall then bear interest at the Default Rate from the date of the first connection or tap.. In the event of Trustees' failure to pay the Connection Fee (and Default Rate, if any) when due, and only when due, then shall the Connection Fee (and Default Rate, if any) be secured by the mortgage lien described in paragraph 12 below.

7. Easements. The parties shall fully support and cooperate on the design, grading and construction of Rokeby Road and execute and deliver any and all the necessary public right-of-way dedications (deed or plat), permanent easements and temporary easements for right-of-way, tree and vegetation removal, revegetation, temporary removal and replacement of boundary line fences, construction, soil cuts and fills, reconstruction, maintenance, operation, repair and replacement of Rokeby Road to the City of Lincoln and/or Wilderness Ridge, without additional consideration on a form substantially similar to the Public Right-of-way Dedications, Permanent Easement and Temporary Easement which are attached hereto as Exhibit "B-1" and Exhibit "B-2" and incorporated herein by this reference. Within thirty (30) days of the determination of the necessary legal descriptions for the Public Right-of-way Dedications, Permanent Easement and Temporary Easement by the Engineers, the Property Owner will execute, reexecute, notarize and deliver the Public Right-of-way Dedications, Permanent Easement and Temporary Easement to the City and/or Wilderness Ridge. Trustees hereby expressly consent to the removal of the trees and vegetation along their tract's north boundary line as part of the Grading of Rokeby Road right-of-way.

8. Further Assurances. Each of the undersigned Property Owners shall cooperate in good faith with the other and shall do any and all acts and execute, acknowledge, and deliver any and all documents so requested in order to satisfy the conditions set forth herein and carry out the intent and purposes of this Agreement. Failure by any Property Owner to demand strict adherence to this Agreement shall not constitute a waiver of any obligation, nor shall any Property Owner be estopped from enforcing its terms in the future.

9. Time of the Essence. Time is of the essence.

10. Binding; Recording. This Agreement shall be filed of record and be binding upon and inure to the benefit of the Property Owners hereto, and their respective Successors and Assigns and shall inure to and shall run with the Trustees Tract and Wilderness Ridge Tract. The mortgage lien described herein shall only be granted, arise, attach and be enforceable, as described in

paragraph 6 above and paragraph 12 below. This Agreement shall be construed in accordance with the laws of the State of Nebraska.

11. Notices. Any notice, payment or request which the undersigned party is respectively required or desires to give or make shall be in writing to the address stated below the parties' signature and shall be given or made by personally delivering the notice or mailing the notice by first class mail, certified or regular mail, return receipt requested, postage prepaid, to the party who should receive the notice. Any party hereto may change its address for notification purposes by written notice to all other parties hereto by the manner and method set forth within this section.

12. Remedies and Mortgage Lien. In the event the Trustees or its Successors and Assigns fails to pay the Connection Fee as set forth herein and the Default Rate, if any, then Wilderness Ridge may prosecute any proceeding at law or in equity against said party, and seek to prevent said party, or any other party from tapping, connecting, or constructing a utility line, road or driveway to said Rokeby Road, or to recover damages, or both. In the event Trustees or its Successors and Assigns fail to pay the Connection Fee when due hereunder, then Trustees or its Successors and Assigns hereby grant to Wilderness Ridge a mortgage lien upon the Trustees Tract to secure the payment of the Connection Fee and any Default Rate. It is specifically understood and agreed that in the event Trustees or its Successors and Assigns legally subdivide and convey a portion of the Trustees Tract to any third party and subsequently said third party fails to pay the Connection Fee and Default Rate, if any, then the mortgage lien referred to herein shall attach only to the property of the third party and not to the balance of the Trustees Tract. In the event Trustees or its Successors and Assigns legally subdivide and convey a portion of the Trustees Tract to any third party and subsequently said Trustees or its Successors and Assigns fails to pay the Connection Fee and Default Rate, if any, then the mortgage lien referred to herein shall attach only to the property of the Trustees or its Successors and Assigns and not to the property of the third party. Trustees warrant and represent to Wilderness Ridge that Trustees are the fee simple owner of the Trustees Tract.

13. Entire Agreement. This Agreement contains the entire agreement of the undersigned Property Owners. This Agreement cannot be modified or amended unless reduced to writing which is executed by all the undersigned Property Owners.

14. Termination. This Agreement shall automatically terminate and be of no force or effect upon Wilderness Ridge's receipt of full payment of the Connection Fee and Default Rate, if any, which may be due hereunder pursuant to the terms of this Agreement. The Public Right-of-way Dedication, Permanent Easement and Temporary Easement shall survive the termination of this Agreement pursuant to the terms contained in the Public Right-of-way Dedication, Permanent Easement and Temporary Easement.

This Agreement is made as of the date first written above.

IN WITNESS WHEREOF, the parties have executed this Agreement as of this 15th day of February, ~~1999~~ 2000
