In the event construction does not occur within three years from the date title to a lot is transferred by the Owner, the Owner, its successors and assigns shall have the option to repurchase the lot for the amount paid to Owner for the lot. Owner may exercise the option by sending written notice to the titleholder of the lot.

3. ANTENNAS: No wiring or antenna for electrical power, telephone, television, radio, or any other use shall be permitted above ground, except within a building; provided a satellite dish up to 4 feet in circumference may be permitted subject to written approval under Paragraph 6 specifying the location and required screening for the dish.

One set of plans shall be left on permanent file with the Owner. Construction of the building or improvement shall not be commenced unless written approval of the plans has been secured from the Owner and shown of record. The Owner shall provide its approval in a form sufficient for recording against the lot. It shall be the responsibility of the titleholder of the lot to file the approval with the Register of Deeds for Lancaster County, Nebraska. Written approval or disapproval of the plans shall be given by the Owner within 30 days after receipt thereof. The Owner shall have the exclusive right to disapprove the plans, if in the Owner's opinion, the plans do not conform to the general standard of development in the Properties. Upon disapproval, a written statement of the grounds for disapproval shall be provided. consisting of a variety of building sizes which are collectively related to the Williamsburg or Georgian Style of Architecture. That architectural style consists of buildings with the predominate use of brick for exterior walls, typically in the red to brown color ranges. Horizontal clapboard siding is commonly used on single or two story structures. Roof's are steeply pitched and consist of wood or slate roofing materials. The style is also characterized by the extensive use of brick chimneys, dormer windows, tall-narrow double hung windows with divided lights, window shutters, transom windows above entry doors, brick banding and subtle brick detailing around windows/doors, built-up cornices with dentils, cupolas and brick pavers for walkways.

In order to achieve the design goal, Owner shall establish the minimum standards in the review of plans for all buildings and improvements constructed, remodeled or reconstructed within the Multi-Family Properties and Other Properties at the time they are made subject to these Restrictive Covenants. The minimum standards shall establish design requirements for the following categories: (a) Building Height, Scale and Proportion; (b) Exterior Building Materials; (c) Building Design Details and Features; (d) Exterior Signage; and (e) Landscaping. Public sidewalks and street trees shall be installed as required by the City of Lincoln, Nebraska.

The titleholder shall also plant and maintain a minimum of 20 one-gallon shrubs; however, such shrubs shall not be planted in a manner as to form a boundary hedge in a location nearer to the street than the front elevation of the dwelling. Upon failure to comply with this requirement or the requirements to be established under paragraph 8, the Corporation may employ the services of a nursery for the purpose of bringing the lot into compliance and assess the costs thereof against the lot. When shown of record, such assessment shall be a lien upon the lot and shall bear interest at the rate of 14% per annum until paid.

11. EROSION CONTROL: During construction on any lot in the Properties, the titleholder shall control soil erosion, using an erosion control mat and straw bales. Upon failure to do so, the Corporation may enter upon the lot and take such steps as may be necessary to control erosion and bring the lot into compliance with this section and assess the costs thereof against the lot. When shown of record, such assessments shall be a lien upon the property and shall bear interest at the rate of 14% per annum until paid.

Any mortgage of the Commons shall be approved by the affirmative vote of two-thirds of each class of members entitled to vote, present in person or by proxy, at a regular meeting of the members or at a special meeting of the members, if notice of the proposed mortgage is contained in the notice of the special meeting.

22. MAINTENANCE OF COMMONS: The Corporation covenants and each member of the Corporation, by the acceptance of a deed by which the interest requisite for membership is acquired, shall be deemed to covenant to maintain the Commons, which covenants by the members shall be satisfied by the payment of annual and special assessments for the administration, maintenance or improvement of the Commons.
