

SUBDIVISION/DEVELOPMENT AGREEMENT

This Subdivision Development Agreement made this /8th day of April, 1996, by and between Wolf Sand & Gravel Company, a Nebraska Corporation (hereinafter referred as either "Subdivider/Developer"), and the County of Saunders (hereinafter referred to as "County").

WHEREAS, the Subdivider is the owner of the land legally described as follows:

SE1/4 of Section Sixteen (16) lying South of the Platte River; N1/2 of S1/2 of the NE1/4 and NW1/4 of the NE1/4 and Government Lot one (1) of Section Twenty-One (21); NW1/4 of the SW1/4 and Government Lot Eight Three (3) and Four (4) of Section Twenty-Two (22), all in Township Seventeen (17) North, Range Six (6) East of the Sixth (6th) P.M., Saunders County, Nebraska (hereinafter referred to as "Property"); and

(On, 1, 2

WHEREAS, the Subdivider and County desire to agree to change the Zoning of property from Agricultural to Transitional Agricultural, all contingent upon approval of the Final Plat; and

WHEREAS, the County has made the Subdivider aware that all or most of the above legally described property is located in a floodway or floodway fringe area and is designated a Flood District by the County and will require the elevation of all structures according to Federal, State and County regulations; and,

WHEREAS, the Subdivider proposes to build improvements on the property; and,

WHEREAS, the Subdivider proposes to treat waste water with septic systems; and,

WHEREAS, the Subdivider and County desire to agree on the method for the installation and allocation of expenses for public improvements to be constructed in the property.

NOW, THEREFORE, in consideration of the above the following is agreed between the parties hereto:

1. IMPROVEMENTS - The improvements cited herein or depicted on the plat are understood to be the minimum acceptable to County.

1.1 WATER - Each lot will have at least one well which exclusively for such lot provides potable water for human consumption and use. Each well will be designed and installed using State Regulations.

1.2 DISPOSAL - Each lot shall be equipped with a sanitary "septic" system. Such system will be designed using State regulations.

1.3 ELECTRIC POWER - The Subdivider agrees to enter into an Agreement with the Omaha Public Power District for power lines to be installed on the property. Copies of all Agreements with Omaha Public Power District will be provided to the County within four (4) months from the date of this Agreement.

1.4 STREETS - All development, maintenance or repair of the streets in the Subdivision shall be performed at the sole cost and expense of Subdivider; however, Subdivider may assess common area maintenance charges against the Lessees within the Subdivision for reimbursement of maintenance or repair of the streets. Streets shall be of asphalt and/or aggregate construction.

1.4.1 Approval of this Agreement does not constitute creation of a County acceptance of roads or streets for maintenance by the County.

1.5 In the event one or more lots are sold to third parties, Subdivider agrees to move the presently existing streets adjacent to the lots sold to the area identified on the Final Plat.

1.6 SIDEWALKS - Saunders County has agreed to waive this requirement governed by the existing County Subdivision regulations.

1.7 PERMIT(S)/APPROVALS - Developer shall be responsible for securing all local and state permits necessary for construction, and to construct all systems in accordance with existing environmental, health, safety and welfare rules, regulations and standards as may be in place at the time of construction.

1.7.1 Prior to the construction a plot plan shall be prepared and submitted to the Saunders County Building Inspector for approval. This plot plan shall show the perimeter of the lot being developed, along with the building, sewer system, and water well envelopes, as defined by Subdivider's Final Plat. This plot plan shall also show the proposed locations of the proposed building, sewer system, and water well. Further, prior to construction all of the necessary permits allowing for the construction of buildings, sewer systems, and water wells shall be secured from Saunders County, and the State of Nebraska. Copies of these permits shall be submitted to the Saunders County Zoning Office.

2. PAYMENT FOR IMPROVEMENTS - The County will bear no cost for the installation of the improvements. The entire cost of the improvements, including, but not limited to construction costs, engineering fees, attorney's fees, testing expenses, inspection

costs, financing and miscellaneous costs shall be at the sole expense of the Developer.

3. EROSION CONTROL - The Developer shall be required to seed the area covered by the subdivision to control erosion of areas disturbed by grading operations, construct temporary terraces on slopes, temporary silting basins, swales and spillways and whatever measures necessary to prevent erosion, damage and sedimentation to adjacent properties and public right-of-ways. These practices shall be done at the sole expense of the Developer.

4. BINDING EFFECT - This Development Agreement shall be binding upon the parties, their respective successors and assigns.

4.1 Where the owner(s) signatory(s) of the real property, the subject of this agreement is not also the Developer, execution of this agreement constitutes acceptance of all rights, duties, and responsibilities contained herein and authorization to Developer to act as development agent for such owner signatory.
