

RIGHT-OF-WAY AGREEMENT

The undersigned, National Lead Company, hereby grants to the Department of Utilities of the City of Fremont, Nebraska permanent right-of-way to construct, operate and maintain electric power line consisting of poles, wires and transformers together with the necessary guys and anchors, across land owned by the undersigned and described as Lot 13 of the Missouri Valley Land Company's Subdivision in the Southwest Quarter of the Southwest Quarter of Section 24, Township 17, Range 8, Dodge County, Nebraska, which is now located across said described real estate. It is the understanding that in the event the National Lead Company, its successors or assigns, desires to erect improvements on said above described premises which would necessitate a change in the location of said power line, the Department of Utilities will move said line at the expense of said National Lead Company, its successors or assigns.

In the event the Department of Utilities desires to move said line, such removal shall be at its expense.

WITNESS my hand this 8th day of April, 1960.

NATIONAL LEAD COMPANY
