acres of the Property located generally along the west boundary of the Property and north of the area to be rezoned O-3 and extending to the north boundary line of the Property from AG to R-3 incorporating a Community Unit Plan all of which is shown on Attachment "B" ("Community Unit Plan").

4. The Property is currently shown as Residential-Urban Density on the 2040 Lincoln Area Future Land Use Map in Lincoln City-Lancaster County Comprehensive Plan.

5. The City's approval of the Annexation and Community Unit Plan are collectively referred to herein as "Governmental Actions".

6. The City is willing to approve the Governmental Actions and subsequently consider approving the use permits, special permits, preliminary plats, and final plats for the balance of the Property pursuant to the Comprehensive Plan (collectively "Subsequent Governmental Actions"); provided that, the infrastructure improvements are constructed in a timely manner to serve and properly accommodate the area.

7. This Agreement identifies the Property Owner's and City's responsibilities regarding the construction of infrastructure improvements necessitated by the development of the Property.

NOW, THEREFORE, in consideration of the mutual covenants established herein, the parties to this Agreement do hereby agree as follows:

I.

DEFINITIONS

1. Defined Terms. The following are defined terms to this Agreement. Other paragraphs of this Agreement contain numerous refinements and exceptions which qualify the provisions of this Paragraph 1; all other defined terms are as shown in other provisions of this Agreement.

- a. "Construct" or "construction" shall include proper grading and erosion controls, installation of sanitary sewer, storm sewer and water lines, street lights, and paving.
- b. "Cost", "cost and expense", "expense" or "entire cost" of a type of improvement shall be deemed to include all design and engineering fees, testing expenses, acquisition of right-of-way or easements from a party other than a Property Owner, construction costs, publication costs, financing costs, and related miscellaneous costs.
- c. "Intersection Improvements" shall mean design, grading and erosion controls, and construction of permanent right and left turn lane improvements at the intersection of 105th Street and O Street.
- d. "Site-Related Street Improvements" shall mean street lights, street signs, street trees, street stormwater improvements, and sidewalks.

II.

CONCURRENT APPROVAL OF GOVERNMENTAL ACTIONS;

CONDITIONAL APPROVAL

A. **Concurrent Approval.** The City, concurrently with the approval of this Agreement, is approving the following Governmental Actions:

1. Annexing that portion of the Property legally described and shown on Attachment "C"; and
2. Amending the Lincoln zoning district maps to rezone the Property from AG to O-3 and AG to R-3 as shown on Attachment "D"; and
3. Approve the Community Unit Plan and Preliminary Plat as shown on Attachment "B".

B. Conditional Approval. Approvals of the Governmental Actions are conditioned upon the terms, conditions and understandings as set forth in this Agreement being fulfilled. The parties understand and agree that, notwithstanding the conditional nature of such zoning approvals hereto, the City Council, on its own motion or at the request of any party hereto, may, in the exercise of its lawful legislative authority: (i) amend the Comprehensive Plan; (ii) extend the municipal corporate boundaries to include any contiguous or adjacent lands; (iii) rezone or revise the zoning designations applicable to the Property; or (iv) approve or amend plats, dedications, use permits, special permits, developments, community unit plans, building permits or other land use controls, as future circumstances may warrant.

III.

ROADWAY IMPROVEMENTS

A. 105th Street and O Street Turn Lanes. The Property Owner shall design, grade, and construct a permanent westbound to northbound right turn lane and a permanent eastbound to northbound left turn lane in O Street at the 105th Street entrance to the Property on the north side of O Street at the locations conceptually shown on Attachment "E". The turn lanes at the 105th Street entrance from O Street to the Property shall be under construction prior to approval of any Final Plat for the Property that includes N. 105th Street access from O Street. All of the turn lanes described in this subsection shall be constructed by the Property Owner pursuant to the City's executive order construction process and shall be subject to approval by the City of Lincoln and the Nebraska Department of Transportation. Property Owner shall be bound by the City's procurement requirements with respect to selection of a contractor to construct the Intersection Improvements, and bids shall be solicited through the City's Purchasing Division. The City shall, upon approval of the executive order, bid solicitation, and execution of a contract for construction of the Intersection Improvements, reimburse the Property Owner in an amount

not to exceed \$450,000 for actual costs incurred by the Property Owner for the design, grading and construction of the Intersection Improvements. The Property Owner shall then be responsible for the cost of constructing the Intersection Improvements that exceed \$450,000, except that the City further agrees that Property Owner shall be reimbursed by the City for the costs of designing, grading, and constructing the Intersection Improvements in excess of \$450,000 to the extent such funds are generated by Arterial Street Impact Fees collected from development of the Property. The City agrees that the O Street intersection with N. 104th Street shown in the Waterford Estates preliminary plat at the common property line of the Waterford Estates preliminary plat and the Property shall not be constructed, and City will require an amendment to the Waterford Estates preliminary plat to eliminate that intersection. City further agrees that when the costs of all Arterial Street Impact Fee Facilities required by the Waterford Estates Annexation Agreement have been reimbursed to the developer/owner(s) of Waterford Estates all Arterial Street Impact Fees collected with respect to construction on lots within Waterford Estates shall be directed to reimbursement of Property Owners for the costs of design, grading, utility relocation, and construction of the 105th Street and O Street Turn Lanes.

B. Internal Streets. Additional City local and collector streets will be required within the Property to serve the Property (collectively "Internal Streets" and individually an "Internal Street"). The Internal Streets shall be constructed by the Property Owner to the extent that such Internal Streets are shown within a preliminary plat, special permit, use permit or planned unit development. Construction of the Internal Streets shall be at such Property Owner's own cost and expense, under the authority of an executive order issued by the Mayor of the City in phases as part of the platting process.

IV.

CONTRIBUTION TO RURAL FIRE PROTECTION DISTRICT

Property Owners understand and acknowledge that the City's annexation of the Property or any portion thereof lying within the boundaries of the Southeast Rural Fire Protection District shall not be complete except upon the City assuming and paying that portion of all outstanding obligations to the District which would otherwise constitute an obligation of the Property or any portion thereof being annexed. Property Owners agree to pay the City whatever amount that must be paid by the City to Southeast Rural Fire Protection District in order for annexation of the Property Owner's portion of the Property to be complete; however, the obligation of Property Owners shall not exceed \$5,000.00.

V.

PROPERTY OWNERS – FUTURE RESPONSIBILITIES

Property Owners understand and acknowledge that the Internal Streets to be constructed by the Property Owners under this Agreement do not reflect all of the minimum improvements required under Title 26 (Subdivision Ordinance) of the Lincoln Municipal Code. Property Owners agree that they are not relieved of any future obligation which is required as part of the platting process or development of the Property pursuant to Title 26 or Title 27 (Zoning Ordinance) of the LMC by entering into this Agreement. Property Owners further agree that failure to include provision for the construction of any other improvements required by Title 26 or Title 27 of the LMC in this Agreement in no way releases or waives Property Owners' obligations to construct such improvements and to dedicate or convey easements therefore.
