

... made this 20th day of February, 1914, between ... (Grantor) and SANITARY AND ... (Grantee).

For valuable consideration, receipt of which is acknowledged, the Grantor does hereby give and grant unto the Grantee the following permanent and temporary sanitary sewer easements over, under and upon the following described real estate owned by the Grantor:

A 50-foot wide permanent access and sanitary sewer easement in the North One-half of the Northeast Quarter of Section 20, Township 15 North, Range 12 East of the 6th P.M., Douglas County, Nebraska, the centerline of which is described as follows, to-wit: Beginning at a point 341.2 feet South of and 33 feet East of the Northwest corner of the Northeast Quarter of said Section 20; thence East, parallel to the North line of said Section 20, 1332.83 feet; thence on a deflection angle to the left of 32°54', 129 feet to the centerline of the Big Papio Creek.

A 60-foot temporary construction easement in the North One-half of the Northeast Quarter of Section 20, Township 15 North, Range 12 East of the 6th P.M., Douglas County, Nebraska, the centerline of which is described as follows, to-wit: Beginning at a point 350 feet South of and 33 feet East of the Northwest corner of the Northeast Quarter of said Section 20; thence East parallel to the North line of said Section 20, 1332.83 feet; thence North parallel to the West line of the Northeast Quarter of said Section 20, 8.8 feet; thence on a deflection angle to the right of 57°06', 129 feet to the centerline of the Big Papio Creek.

The permanent easement shall be perpetual in duration, commencing as of the date hereof. The temporary construction easement shall commence on the date hereof and shall continue during the period of construction of the outfall sewer by the Grantee and its contractor, Anchor Construction Company, but in all events the temporary construction easement shall terminate no later than one year after date hereof.

The purpose and scope of the easements shall be to construct, repair, replace, maintain, use and operate a sanitary outfall sewer main or mains together with necessary manholes, cleanouts, siphons, lift stations and other appurtenances, together with rights of access over said permanent easement way for the above uses and purposes. At time of completion of construction or of any repair or maintenance work, the Grantee will replace and tamp the soil so as to substantially restore the soil to its original condition. Grantee by accepting this easement

BOOK 409 PG 346

further agrees to maintain the drainage ditch to the south of the easement and to install and maintain adequate drainage across the easement in order to drain the Grantor's premises into the said drainage ditch. As part consideration for this easement, Grantor agrees to permit grantor or his assigns to erect on said sewer five (5) single family dwellings (or five equivalent units of sewer sewerage flow) now or hereafter erected on Grantor's adjoining land to the South, without any other charge to the said

EXECUTED the day and year first above written.
