We do further grant a perpetual easement to the Omaha Public Power District and to U. S. West Communications and to any company which has been granted a franchise to provide a Cable Television System

in the area to be subdivided, their successors and assigns, to erect, operate, maintain, repair and renew poles, wires, crossarms, downguys and anchors, cables, conduits and other related facilities; and to extend thereon wires or cables for the carrying and transmission of electric current for light, heat, and power and for the transmission of signals and sounds of all kinds including signals provided by a cable television system, and the reception thereon, over, through, under, and across a five foot (5') wide strip of land abutting all front and side boundary lot lines; an eight foot (8') wide strip of land adjoining the rear boundary lines of all interior lots and all exterior lots that are adjacent to presently platted and recorded lots; and a sixteen foot (16') wide strip of land adjoining the rear boundary lines of all exterior lots that are not adjacent to presently platted and recorded lots. The term 'exterior lots' is herein defined as those lots forming the outer perimeter of the above-described subdivision. Said sixteen foot (16') wide easement will be reduced to an eight foot (8') wide strip when the adjacent land is surveyed, platted and recorded.
