EASEMENT FOR UTILITY LINES AND/OR UNDERGROUND UTILITY FACILITIES

KNOW ALL MEN BY THESE PRESENTS:

That **Hyland Business Park, LLC, a Nebraska limited liability company ("Grantor")**, of Lancaster County, Nebraska, in consideration of \$1.00, receipt of which is hereby acknowledged, and the further payment of a sum to make total payment of \$1.00 for all necessary equipment when set on the following described property, do hereby grant and convey unto the **LINCOLN ELECTRIC SYSTEM** (hereinafter referred to as **Grantee**, whether one or more), **Windstream Nebraska, Incorporated**, its (their) lessees, successors and assigns, the permanent right, privilege and easement of a right-of-way to construct, reconstruct, operate and remove all necessary underground electric facilities, communications lines and other necessary at grade equipment in connection therewith, on and across the following property situated in Lancaster County, Nebraska, more particularly described as follows:

Lot One (1), Hylander Subdivision, Lincoln, Lancaster County, Nebraska.

The underground utility line, underground utility facilities, and/or at grade equipment herein contemplated shall be located on the property approximately as follows:

A Ten-Foot (10') wide LES easement, the centerline of which is described as follows:

Commencing at a point on the Southwest corner of said Lot 1, said point also the Southwest corner of an existing Twenty-Foot (20.0') wide Utility and Bikeway Easement; thence North along the West lot line of said Lot 1 for a distance of Seventy-Five Feet (75.0') to a point on the West lot line of said Lot 1, said point also the Point of Beginning; thence East and parallel to the South lot line of said Lot 1 for a distance of Sixty-Five Feet (65.0') and ending there.

The Grantee shall also have the non-exclusive privilege and easement of ingress and egress across that portion of the property to its (their) officers and employees for any purpose necessary in connection with the construction, reconstruction operation, maintenance, inspection and removal of said underground line, underground utility facilities, and/or at grade equipment.

The Grantee shall also have the right at any time to trim or remove such trees and underbrush as may in any way endanger or interfere with the safe operation of the underground lines, underground electric facilities, and/or at grade equipment used in connection therewith.

The Grantee shall also at all times exercise reasonable effort to avoid injury or damage to the landscaping, and improvements of the Grantor, and the Grantee shall repair any such damage and loss arising or occurring to such property solely by reason of the construction, operation, maintenance and removal of any underground utility lines, underground utility facilities, and/or at grade equipment, however, in the event that all or part of the underground utility lines, underground utility facilities, and/or at grade equipment, which may be installed on said easement right-of-way becomes defective or unserviceable in the sole judgment of the Grantee, the Grantee shall have the right, to maintain, repair or replace such underground utility lines, underground utility facilities, and/or at grade equipment, provided, if improvements to the property make the installation of such replacements impractical at the location of the original easement granted hereby, the Grantor or their successors in title shall grant and convey to the Grantee, for the same consideration as given herein, an easement for such further installation at a location on said property which is mutually satisfactory to the parties. If the parties fail to agree upon any such new location for the underground utility lines, underground utility facilities, and/or at grade equipment, the Grantee shall have no obligation to replace or provide underground utility lines, underground utility facilities, and/or at grade equipment across or to any such property and Grantee shall not be liable nor bear any responsibility to Grantor, its successors and assigns for failure to provide utility service to the property. In determining the locations for further installation the Grantee shall at all times exercise reasonable effort to avoid injury or damage to the landscaping and improvements of the Grantor or their successors.

Old LES #1600

Melci - LES

Grantee shall perform any work in connection with this Easement in a good and workmanlike manner with reasonable effort to minimize interference with the use of Grantor's herein described property except as may be reasonably necessary for Grantee to carry out the terms and conditions of this Easement.

Grantor, on behalf of itself and its tenants reserves the right to use the surface of the easement area for landscaping, curbing, paving, signs, and otherwise provided such uses do not interfere with the rights of Grantee and comply with applicable provisions of the National Electrical Safety Code and the Lincoln Municipal Code.

The Grantee agrees that should the underground utility lines, underground utility facilities, and/or at grade equipment constructed hereunder be abandoned for a period of five years, the right-of-way or easement hereby secured shall then cease and terminate, and this easement shall be of no further force and effect.

Signed the 24th day of June, A.D., 2014.

Hyland Business Park, LLC, a Nebraska limited liability company

By: 

John W. Hyland, II, Manager
