AGREEMENT FOR CONSTRUCTION OF WATER LINE

This Agreement is entered into between Whitehead Oil Company (Whitehead), John M. Campbell, Jr., and Dorothy B. Campbell (Campbell), Dial Realty Corp. (Dial) A. Irene Hansen (Hansen), Nebraska Title, Trustee of the Pierson Trust (Trust), and Roger Berner, Trustee of the Berner Family Trust (Berner).

1. Real Estate Ownership: Whitehead is the owner of the real estate described on attached Exhibit "A". Campbell is the owner of the real estate described on attached Exhibit "B". Hansen is the owner of the real estate described on attached Exhibit "C", and Dial is the contract purchaser of the real estate described on attached Exhibit "C". Trust is the owner of the real estate described on attached Exhibit "D". Berner is the owner of the real estate described on attached Exhibit "E".

2. Need for Water Service: None of the real estate described on attached Exhibits "A", "B", "C", "D" or "E" is currently within the city limits of the City of Lincoln, Nebraska (City), or served by a water service line. A City water line exists at the northwest corner of the intersection of North 27th and Fletcher Streets. Extension of the existing line is necessary to provide water service to all of the property described on Exhibits "A", "B", "C", "D" and "E".

3. Easement: The extension of the water line shall be accomplished along the west side of the 27th Street right-of-way for a distance of approximately 6,528 feet to a point near the northernmost access to 27th Street on the Campbell property, as shown on Exhibit "F". Campbell and Trust agree to dedicate to the City of Lincoln a 7-foot wide permanent easement along the East boundary of their respective properties for construction and maintenance of the water line.

4. Size of Water Main: The City of Lincoln has determined that a 16-inch water line is necessary to provide adequate pressure and fire protection.

5. Estimated Cost of Construction: The cost of construction has been estimated by Olssen Associates to be approximately \$50 per linear foot, including pipe, fire hydrants, engineering fees of Olssen Associates, and City engineering and inspection fees, for a total of \$140,000. The estimated cost is believed to be accurate, but the actual cost of construction may vary from the estimate.

6. Cost Sharing: The City of Lincoln has agreed to pay the difference between the cost of an 8-inch water line and a 16-inch water line, or approximately 50 percent of the total cost of the project.

The balance of the cost, or the equivalent of the cost of an 8-inch water line, shall be divided among the parties. The method of division of the cost among the parties shall be

Pierson, Fitchett, Hunziker
520 S. 13, Suite B
Box 95109
Lincoln 68508

based generally upon the linear frontage of each parcel of land which abuts the new water line, with the exception of the Dial/Hansen property, which has no direct frontage, but which will benefit substantially from the construction of the water line. For the purpose of allocating construction costs of the water line, it will be assumed that the Dial/Hansen property will benefit in amount equivalent to having 1,750 feet of frontage abutting the water line, and the costs shall be divided prorata among the parties on that basis. A schedule of the estimated cost responsibilities of each parties is as follows:

<u>Property Owner</u>	<u>Linear Feet</u>	<u>Percentage of Total</u>	<u>Dollar Amount</u>
Whitehead	1,650	25.3	\$17,690
Campbell	1,000	15.3	10,710
Dial/Hansen	1,750	26.8	18,765
Trust	1,150	17.6	12,330
Berner	1,150	9.3	6,540
Lincoln Electric System	<u>328</u>	<u>5.6</u>	<u>3,950</u>
Totals	6,528	100.00	\$70,000

The share of Lincoln Electric System may or may not be paid by Lincoln Electric System and/or the City of Lincoln. If Lincoln Electric System and the City of Lincoln refuse to bear any portion of the cost of construction of the water line, the Lincoln Electric System share shall be redistributed among the parties to this Agreement prorata based upon the linear feet of frontage (actual or assumed) attributed to such party as set forth above.

7. Whitehead Responsibility for Construction: Whitehead shall be responsible for applying for and securing approval of an Executive Order from the City of Lincoln, Nebraska, authorizing construction of the water line.

Whitehead shall obtain bids and enter into a contract for the construction of the water line and shall make all payments for construction to the contractor directly. Upon completion of construction and acceptance of the water line by the City of Lincoln, all funds held in escrow pursuant to the Executive Order, including any interest earned thereon, shall be released to Whitehead.

8. Construction Financing: Upon being notified that the Executive Order will issue upon placing in escrow sufficient funds to guarantee construction, Whitehead shall notify all parties to this Agreement that their respective shares as set forth in paragraph 5, subject to possible adjustment for the Lincoln Electric System share, are to be paid to Pierson, Fitchett, Hunzeker, Blake & Loftis as trustee. Pierson, Fitchett, Hunzeker, Blake & Loftis is authorized to pay all funds held as trustee into an interest bearing escrow account for the purpose of providing security to the City of Lincoln for construction of the water line, pursuant to the standard practice for Executive Order construction projects (the Escrow Account). Such funds shall be due within 10 days of the date of mailing such notice.

Failure of any party to deposit such party's share within 10 days after the date of mailing such notice ("Non-Contributing Party") shall act as a prohibition to the Non-Contributing Party hooking on to or tapping into the water line until such time as the Non-Contributing Party pays the amounts set forth in paragraph 8.a., b., c., d., or e., as the case may be. Any party or

parties who have made the required deposit shall increase their deposit(s) prorata to cover the share(s) of any Non-Contributing Party within 5 days of having been notified by Pierson, Fitchett, Hunzeker, Blake & Loftis of the failure of any Non-Contributing Party to make the required deposit. Contributing parties shall have no legal cause of action against any Non-Contributing Party pursuant to this Agreement for amounts due from the Non-Contributing Party until such time as the Non-Contributing Party, or their successors or assigns, request the right to hook on to or tap into the water line.

On completion of the construction of the water line, and acceptance of the same by the City, Whitehead shall certify in writing to the other parties the Final Net Cost (after giving effect to and deducting any City subsidy and/or contribution by or on behalf of Lincoln Electric System) of the construction of water line, and said Final Net Cost shall be the final number utilized in connection with the obligations of the parties hereto under paragraph 5 above.

If the Final Net Cost of construction of the water line is less than or equal to the total principal amount in the Escrow Account, then Whitehead shall be entitled to distribution of the sum equal to the Final Net Cost upon obtaining release of the Escrow Account from the City. If the Final Net Cost is less than the principal amount in the Escrow Account, any excess sum shall be distributed prorata to the contributing parties. Whitehead shall be entitled to retain any interest earned on the escrow account.

If the Final Net cost of construction of the water line exceeds the principal amount in the Escrow Account, each of the contributing parties shall be responsible for a prorata share of the difference between the Final Net Cost of construction and the principal amount in the Escrow Account based upon the percentage of each contributing party's contribution to the Escrow Account. Upon receiving notice from Whitehead that the Final Net Cost of construction of the water line exceeded the principal amount in the Escrow Account, each contributing party shall, within 10 days of mailing such notice, pay their share of the excess cost of construction to Whitehead.

9. Failure to Contribute: In the event any party to this Agreement fails or refuses to pay their proportionate percentage share of the construction costs of the water line as set forth in paragraph 5 above, at the time the Escrow Account is established for the Executive Order, then such Non-Contributing Party shall not be allowed to hook on to, or tap into, the water line, until such time as the Non-Contributing Party pays to the party or parties who provided the initial financing and/or funding for the construction of the water line the following amounts:

- a. If the Non-Contributing Party is Whitehead, then Whitehead shall pay 31.3 percent of the Final Net Cost of construction of the water line, plus 10.5 percent interest, compounded annually, on said amount from the time that construction is commenced on the water line.
- b. If the Non-Contributing Party is Campbell, then Campbell shall pay 21.3 percent of the Final Net Cost of construction of the water line, plus 10.5 percent interest, compounded annually, on said amount from the time that construction is commenced on the water line.

- c. If the Non-Contributing Party is Dial/Hansen, then Dial/Hansen shall pay 32.8 percent of the Final Net Cost of construction of the water line, plus 10.5 percent interest, compounded annually, on said amount from the time that construction is commenced on the water line.
- d. If the Non-Contributing Party is Trust, then Trust shall pay 23.6 percent of the Final Net Cost of construction of the water line, plus 10.5 percent interest, compounded annually, on said amount from the time that construction is commenced on the water line.
- e. If the Non-Contributing Party is Berner, then Berner shall pay 15.3 percent of the Final Net Cost of construction of the water line, plus 10.5 percent interest, compounded annually, on said amount from the time that construction is commenced on the water line.

For example, if Whitehead and Campbell provide all funding for construction of the water line, then Dial/Hansen, Trust and Berner shall not be allowed to hook on to or tap into the water line until such time as Dial/Hansen, Trust and Berner pay to Whitehead and Campbell the amount equal to 32.8 percent, 23.6 percent, and 15.3 percent, respectively, of the cost of the construction of the water line, plus 10.5 percent interest, compounded annually, from the date of commencement of the construction of the water line. Payment by any Non-Contributing Party shall be made to the contributing party or parties prorata, based upon their respective contribution to the Final Net Cost of construction of the water line.

10. Contingency: This entire Agreement is contingent upon the following:

- a. City of Lincoln agreeing to pay the difference in cost between an 8-inch water line and a 16-inch water line, or approximately 50 percent of the total cost of the project; and
- b. The ability of Whitehead to secure an Executive Order approval from the City of Lincoln authorizing construction of the water line.

In the event of failure of either of the foregoing contingencies, this Agreement shall be void, and any sums deposited by any party shall be refunded and none of the parties shall have any liability to the others.

11. Headings: The paragraph headings of this Agreement are solely for the convenience of reference and shall not modify the terms of this Agreement.

12. Binding Effect: The Parties agree that this Agreement touches and concerns the real estate described on Exhibits "A", "B", and "C" attached and shall run with the land and be binding upon the successors in interest of the Parties.

13. Notices: Any notices required to be sent to any Party pursuant to the terms and provisions of this Agreement shall be deemed appropriately sent upon depositing the same in the United States Mail, sufficient First Class postage prepaid, addressed as follows:

- a. If to Whitehead, then to 2437 Randolph, Lincoln, Nebraska 68510, with a copy to Mark Hunzeker, P.O. Box 95109, Lincoln, Nebraska 68509.
- b. If to Campbell, then to 33 Stirrup Place, Wilton, Connecticut 06897, and to 3135 Mayflower Avenue, Lincoln, Nebraska 68502, with a copy to W. Michael Morrow, P.O. Box 83439, Lincoln, Nebraska 68501-3439.
- c. If to Dial/Hansen, then to 6900 North 27th Street, Lincoln, Nebraska 68521, with a copy to 11506 Nicholas Street, Suite 200, Omaha, Nebraska 68154, with a copy to Mark Hunzeker, P.O. Box 95109, Lincoln, Nebraska 68509.
- d. If to Trust, then to 4700 S. 98th, Lincoln, NE 68526, with a copy to Mark Hunzeker, P.O. Box 95109, Lincoln, NE 68509.
- e. If to Berner, then to 1800 Surfside Drive, Lincoln, NE 68528, with a copy to Charles Humble, 301 S. 13th Street, Suite 400, Lincoln, NE 68508-2532.

Any Party may change their address for purposes of this paragraph by written notice to all other parties hereto in the manner set forth above.
