Secretary of Farmland, Fremont and Railroad Drainage District.

*Fred H. Richards Jr.*  
Notary Public.

NOTICE OF APPORTIONMENT OF BENEFITS BY FARMLAND,  
FREMONT AND RAILROAD DRAINAGE DISTRICT.

Notice is hereby given that the Board of Directors of Farmland, Fremont and Railroad Drainage District, embracing territory in Dodge and Douglas Counties, Nebraska, having first with the aid of the engineer chosen by them, made detailed plans of the public work to be done in accordance with Chapter 153 of the Laws of Nebraska of 1907, and amendments thereto, have apportioned the benefits thereof to the tracts benefited and to be benefited thereby as hereinafter stated.

On the list of lands and units following, each section in a township follows the township and range number, and the subdivisions of a section follow the section number. The blocks and tracts in a city or addition follow the naming of such city or addition, and the lots in a block follow the naming of such block. L means lot; n means north; e means east; s means south; w means west; TL means tax lot, pt means part; ft means feet; hf means half; qr means quarter; ac means acres; rd means rods; wd means wide; ex means except; cor means corner; sub means subdivision; u means units; Ry means railway; R of W means right of way. The figures following a description and immediately preceding the letter u indicate the number of units of benefit apportioned against such tract. Thus, "nesw, 90 u;" indicates that the northeast quarter of the southwest quarter of the section, township and range last previously stated is apportioned 90 units of benefit; and "L 4, 5u;" means that lot 4 of the block last previously mentioned is apportioned five units of benefit. Where a tract or a lot has been depleted by a school site, wagon road, railroad right of way, or in any other manner, the apportionment of units entered against said tract constitutes the apportionment against the remainder only of the tract. The total number of units is 82,400.
