No waiver of the breach of any provision of this Declaration shall constitute a waiver of a subsequent breach of the same provision or of any other provision. No right of action shall accrue for or on account of the failure of any person, corporation, or any other entity to exercise any right created by this Declaration nor for imposing any provision, condition, restriction, or covenant which may be unenforceable. EXCAVATION MANAGEMENT PLAN

The Excavation Management Plan (Plan) shall be a document prepared by Union Pacific Railroad and provided to the City of Omaha. The Plan will describe actionable contamination that is anticipated to remain on site and the precautions that must be exercised in regards to the contamination. The precautions shall address excavation in the area of actionable contamination. The Plan will contain information on the management of excavation activities in the area of actionable contamination.

At this time, the area where actionable contamination will remain on site following completion of the corrective measures is the area of lead-contaminated soil placement. This placement area is the embankment for the new Cuming Street bridge. See the attached Figure 4-2, dated February 10, 2000, and prepared by URS Greiner Woodward Clyde, for the lead-contaminated soil placement.
