PART "A" - GENERAL PROVISIONS

The undersigned hereby declares that the following covenants are to run with the land and shall be binding on all present and future owners of all or any part of the following described real estate until January 1, 1991.

Invalidation of any of these covenants by judgment or court order shall in no way affect any of the other provisions hereof, which shall remain in full force and effect.

PART "B" - RESIDENTIAL AREA COVENANTS

1. No residential structure shall be erected or placed on any building plot which has an area of less than six-thousand (6,000) square feet. No building shall be located on any lot nearer than thirty-five (35) feet to the front line of the building plot, nor shall any building, except a detached garage, be located nearer than five feet to any side line of any building plot, except that on a corner lot, the structure shall not be located nearer than seventeen and one-half feet to the side street line.

2. No dwelling shall be built closer than twenty (20) feet from the easement line of the Northern Natural Gas Company as shown on the recorded Plat. This includes parts of Lots forty-nine (49), one-hundred and two (102) through one-hundred and nine (109) inclusive, one-hundred-twenty-three (123) and one-hundred and twenty-four (124) and two-hundred-five (205).

5. The ground floor enclosed area of single-family residential structures, exclusive of open porches and garages, shall be not less than 900 square feet for a one-story structure nor less than 650 square feet for a one-and-one-half story or taller structure.

6. A perpetual license and easement is hereby reserved in favor of and granted to Omaha Public Power District and Northwestern Bell Telephone Company, their successors and assigns, to erect and operate, maintain, repair and renew poles with the necessary supports, sustaining wires, cross-arms, guys and anchors and other instrumentalities and to extend thereon, wires for the carrying and transmission of electric current for light, heat and power and for all telephone and telegraph and message service over and upon a five (5) foot strip of land adjoining the rear and side boundary lines of said lots in said Addition; said license being granted for the use and benefit of all present and future owners of lots in said Addition; provided, however, that said side lot line easement is granted upon the specific condition that if both of said utility companies fail to construct poles and wires along any of said side lot lines within thirty-six (36) months of date hereof or if any poles or wires are constructed but are thereafter removed without replacement within sixty (60) days after their removal, then this side line easement shall automatically terminate and become void as to such unused or abandoned easement-ways.
