CORPORATION REAL ESTATE DEED

KNOW ALL MEN BY THESE PRESENTS:

In consideration of that certain written Amended Merger Agreement and Lease-Purchase Agreement each dated November 13, 1969, wherein the within Grantor agrees to make this transfer upon the Grantee's performance of certain conditions, which conditions the within Grantor hereby acknowledges have been performed, and in consideration of the discharge by Grantee to the indentured Trustee of Grantor's total outstanding bonded indebtedness, payment of which Grantor hereby acknowledges, the within Grantor, PLATTE VALLEY PUBLIC POWER AND IRRIGATION DISTRICT, a public Nebraska corporation, does hereby grant, bargain, sell, quit-claim, convey and confirm unto the within Grantee, NEBRASKA PUBLIC POWER DISTRICT, a public Nebraska corporation, all of Grantor's right, title, interest, possession, and estate of every kind and nature whatsoever, in and to all real estate now claimed or owned, or possessed (or any combination thereof) by Grantor in fee, easement, lease, license, or by some form of equitable right or privilege wherever situated in the several Counties of the State of Nebraska, whether the same is or is not of record in the Register of Deeds Office in said Counties, and whether or not the same be specifically hereinafter mentioned, also all according to records and files of the Grantor which records and files are hereby also conveyed and delivered to Grantee.

To have and to hold said premises together with all tenements, hereditaments, and appurtenances thereto belonging unto the within Grantee and its successors and assigns forever, hereby intending this to be one of several documents collectively transferring and conveying all the within Grantor's assets to the within Grantee.

The within Grantor represents that attached hereto and by this reference incorporated herein and made a part hereof are the following exhibits summarizing most but not necessarily all of said properties herein conveyed:

Exhibit A - All the canals, ditches, checks, diversion works, dams, reservoirs, hydroelectric plants, bridges, culverts, offices, and other associated properties constituting Grantor's several irrigation systems.

Exhibit B - All the electric transmission and distribution lines, right of way, easements, substations, and other associated properties, heretofore independently acquired by Grantor.

Exhibit C - All the electrical transmission and distribution line right of way, easements, power plants, substations, and associated properties heretofore acquired by Grantor or by Loup River Public Power District for the account of the joint operation of said two Districts, named Nebraska Public Power System, in which Grantor claims either a legal or equitable undivided one-half interest in the real estate interest acquired for Nebraska Public Power System, which properties exhibited are to some extent nevertheless commingled by consolidation, improvement, replacement and additions heretofore made by Grantor independently and with Nebraska Public Power System revenues.

Grantor and Grantee agree that by delivery hereof, that this entire document will be filed in the Register of Deeds, Lincoln County, Nebraska (home office of Grantor) and duplicate originals by copy process to which only so much of Exhibits A, B, and C, as pertain may be filed with the Register of Deeds for each County in which some of the properties are situated.

14030

In witness whereof, Grantor has hereunto caused its corporate seal to be affixed and these presents signed by its President.

Dated December 10, 1970

REAL ESTATE DIVISION REPORT
THE SYSTEM AND CONSUMERS

When complete, this report will include real estate division between the System and Consumers for the following plants:

1. K-Street
2. 2nd Street
3. Norfolk
4. Riverside
5. Kearney

Under each plant the portions of real estate are itemized in detail. It is understood that the property being purchased will be under lease until paid for when warranty deeds will be secured by the System.

Property covered by easement can be described in the main easement or corporate easements drawn up. As a part of the property record, Consumers should turn over to the System all drawings, maps, and prints applying to or showing parts of the above power plants.

K-STREET PLANT

Deeds and Easements to the System

1. Deed for land on which K-Street plant is located. Lots 6, 9, 10, 11, and 12, Block 102.
2. Deed for land on which old traction plant is located. Lots 13, 17, and 15, Block 102, except the south portion of lots 16 and 17 which are occupied by Consumers' storage building.
3. Deed for the land on which oil storage tank is located. South Half (S₂) of lot 12, Block 104. (Subject to rail-road right of way).
4. Purchase the land on which the coal pile is located. South Half (S₂) of Block 103. (Said to have cost Consumers between \$16,000 and \$18,000) and part of 5.
5. Purchase lots 6 and 7 in northwest quarter of Block 102. On these lots stands the old traction car barn. If the cooling towers for K-Street are ever enlarged, these lots will be needed.

Cooling capacity now limits the output of the K-Street plant. (Lots probably cost Consumers about \$5,000).

In case these lots are not purchased, it will be necessary to secure an easement for the use of the alley to the

cast of them where cooling water and other pipes are now located.

6. Easement for cooling water pipes under shop building located on lot 13, Block 102 and for the alley to the west of this lot.
7. Easement for use of alley south of lot 13, Block 102 and west of lots 6 and 7, Block 102 where the ash disposal house is located.
8. Easement for use of a part of lot 7, Block 102, between the K-Street plant and the Consumers' service building where the coal elevator and natural gas pipe line and valve are located.
9. Easement for electrical attachments on Consumers' poles adjacent to the plant for System's electrical equipment.

Easements to Consumers

Easements to Consumers will probably not be necessary until the System secures the deeds to the property; however, the ones required are listed as follows:

1. Consumers to be given an easement for their present circuits attached to the poles supporting the three tie lines. (System will not have a franchise for these tie lines inside the City of Lincoln).
2. Consumers to be given an easement for the west 64 feet of the old traction plant for storage purposes. They will maintain this part of the building as long as they make use of it.
3. Consumers will have an easement for their steam lines leaving the plant.
4. Consumers will have an easement for their electrical equipment in the plant and adjacent thereto.
5. Consumers will have an easement for sewer pipes in the alley north of their storeroom located on the south portions of lots 16 and 17, Block 102.

14030

2ND STATE PLANT

Needs and easements to the System

1. Need for Spry Post site. North Half (N₁) of Block 76.
2. Transfer land from C.H.A. over to the System, if this has not already been done.
South Half (S₁) of Block 76.
3. Need to plant site. All property owned by Consumers in Lots 3, 4, 5, 6 and 8 of Block 79.
4. Easement for the 4150 volt bus in the substation, lot 12, Block 77.
5. Easement for electrical attachments on the riser structure adjacent to the plant for System electrical equipment.

Easements to Consumers

1. Easement to Consumers for their electrical equipment in the plant and adjacent thereto.
