The undersigned, to protect the desirability of the within described lots for use as office, industrial and similar lots for the undersigned and for all subsequent owners of said lots, hereby declare that the following covenants are to run with the land and shall be binding on all present and future owners of all or any part of the following ~~described real estate~~ hereinafter referred to as "the premises", until January 15, 2003.

Lots One (1) to One Hundred Twenty-Five (125), inclusive, of South West Park, a subdivision, an addition to the City of Omaha, Douglas County, Nebraska, as surveyed, platted and recorded.

If the present or future owners of any of said lots, or their grantees, heirs, or assigns, shall violate or attempt to violate any of these covenants, it shall be lawful for any other person or persons owning any part of said real estate to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant and either to prevent him or them from so doing or to recover damages or other dues for such violation.

Invalidation of any of these covenants by judgment or court order shall in no way affect any of the other provisions hereof which shall remain in full force and effect.

1. No improvements shall be constructed on any of the premises until final plans and specifications for said construction have been approved by the undersigned. The plans and specifications shall contain in detail at least each of the following items: a complete plot plan; a grading and surface drainage plan; a detail of all exterior elevations of the buildings showing all building materials to be used in completion of said construction; a detailed landscaping plan; a sidewalk and paving plan, showing all drives and individual parking spaces; a designation of outside storage areas and detail or proposed screening of same. No outside storage shall be permitted closer to the front street than the front of the main building.

11. Each owner, tenant or occupant of any building site shall keep said building site and the building, improvements and appurtenances thereon in a safe, clean, neat, wholesome condition, and shall comply in all respects with all governmental statutes, ordinances, regulations, health and police and fire requirements. Each such owner, tenant or occupant shall remove, at its own expense, any rubbish or trash of any character which may accumulate on its building site and shall keep unlandscaped areas maintained. 16. Metal buildings will be allowed provided that, except for gable ends, door and window openings, one hundred per cent (100%) of the front or side of all buildings facing upon an abutting street or streets must be constructed or faced with brick or other decorative material approved in writing by the undersigned. Said exterior finish must be constructed within thirty (30) days after the erection of the building. No convex (barrel) (cuonset) roof systems shall be allowed.
