Lots 1 through 4, inclusive, Outlot A and Outlot B, Springfield Commerce, a subdivision in Sarpy County, Nebraska.

If the present or future owners of any of said Lots, or their grantees, heirs or assigns, shall violate or attempt to violate any of these covenants, it shall be lawful for any other person or persons owning any part of said real estate to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant and to prevent him or them from so doing and to recover damages for such violation.

Invalidation of any of these covenants by judgment or court order shall in no way affect any of the other provisions hereof which shall remain in full force and effect.

1. Limitations as to Type of Construction. All buildings erected on said lots shall be approved by Declarant and shall be of approved masonry construction such as brick, stone, or painted or colored architectural concrete over a steel or concrete frame.
2. Approval of Plans. Before commencing the construction, grading, excavation for, or alteration of buildings, enclosures, fences, landscaping, signs, grading or drainage work, loading docks, parking facilities, storage yards or any other structures or permanent improvements on or to any site or lot, the property owner shall first submit site plans or plans and specifications thereof to Declarant for its written approval. Declarant shall have the right to require such documents, materials, drawings or other clarification as it shall determine to be necessary to consider the subject building project. In the event that Declarant shall fail to approve or disapprove such building plans, specifications or site plans within forty-five (45) days after they have been submitted to it, such approval will not be required and this covenant will be deemed to have been complied with.

Approval of Declarant (including disapproval) as to various items in these covenants shall also mean approval (or disapproval) by another person designated by Declarant in a writing duly recorded in the Office of the Register of Deeds and indexed against the subdivision as approving authority in lieu of Declarant.

3. Landscaping. The front yard shall be landscaped and properly maintained as a lawn area except that part used for driveways or parking; provided, however, that no part thereof may be used for driveways or parking without the prior approval of Declarant.
4. Compliance with Government Regulations, Etc. The owner of any site or lot shall at all times keep the premises, buildings, landscaping, improvements and appurtenances in a safe, clean, wholesome condition and comply in all respects with all government, health, and fire requirements and regulations. Any owner will remove at its own expense any rubbish, debris or trash of any character whatsoever which may accumulate outside the building on its lot. In the event said owner fails to comply with any or all of the aforesaid requirements, or if it fails to establish or maintain the lawn area required by Paragraph 4 hereof, then after ten (10) days written notice to said owner, Declarant shall have the right, privilege and license to enter upon the premises and make any and all corrections or improvements that may be necessary to meet such standards, all at the sole cost and expense of said owner, which shall be a lien on said lot if not paid within fifteen (15) days of submission of a bill to said owner.
5. Outside Storage or Display. Screening shall be of approved materials such as stone, brick, wall material or concrete. Chain link fencing with inlaid wood or metal slats shall not be considered acceptable screening. Screening shall be integrated into the overall design of buildings and landscaping and fully contain the visual impact of these service functions from adjacent public streets and neighboring properties.
7. Parking Facilities. All vehicular parking (customer, visitor and employee) shall be off-street. The number of vehicular parking spaces shall be sufficient at all times to conduct maximum business on each individual tract. Parking areas shall not be used for any purpose other than the parking of automotive vehicles belonging to customers, visitors and employees. In no case shall any storage, servicing or dismantling of automobiles or other vehicles be permitted in the required parking areas. All parking areas shall be hard surfaced with a suitable dustless material.
8. No Temporary Structures. No trailer, tent, shack, garage, barn or any temporary structure that shall be moved onto any lot or erected thereon shall be used for temporary or permanent operation of the proposed occupant's business or permitted to remain on premises unless and until such structure and the duration of its use on the premises has been approved in writing by the Declarant. A building upon which construction has begun must be completed within one (1) year from the date the foundation was dug for said building.
9. No Offensive Usages. No noxious or offensive trades, services or activities shall be conducted on any building site, nor shall anything be done thereon which may be or become an annoyance or nuisance to the owner, tenant or occupant of other building sites within the Spring Industrial Park area by reasons of the unsightliness or the excessive emission of fumes,

The landowner is, in accordance with the existing Nebraska statutes, responsible for maintenance of the property up to the edge of the pavement on the abutting street or streets.

13. Zoning and Building Regulations. In addition to the foregoing, the use and building regulations, as now or hereafter imposed by the provisions of the zoning and building regulations, including any overlay district regulations, of all governmental entities having jurisdiction shall apply to all lots, except as such may be modified by duly constituted authority.
