ORDINANCE NO. 18684

1 AN ORDINANCE creating a business improvement district under the authority of the  
2 Business Improvement District Act (Neb. Rev. Stat. § 19-4015 et seq.) to be known as the  
3 Downtown Business Improvement District bounded roughly by H, 6th, R, and 17th Streets for  
4 the purpose of providing specified work and improvements in the downtown area of the City of  
5 Lincoln, Nebraska; providing for special assessments to be imposed within the district based  
6 upon the benefits conferred; providing maximum limits upon such assessments; and providing a  
7 sunset of August 31, 2016.

8 BE IT ORDAINED by the City Council of the City of Lincoln, Nebraska:

9 Section 1. Public Hearing; Protests to Creation. That a resolution entitled Resolution of  
10 Intention to Establish a Management Business Improvement District to be known as the  
11 "Downtown Business Improvement District bounded roughly by H, 6th, R, and 17th Streets" was  
12 adopted by the Lincoln City Council on February 6, 2006, as Resolution No. A-83731; that  
13 notice that the City Council intended to consider at public hearing an ordinance to establish the  
14 district was made by publication and by mailing a copy of Resolution No. A-83731 to each  
15 owner of taxable property as shown on the latest tax roles of the County Treasurer within the  
16 proposed district; that a public hearing was held by the City Council on March 6, 2006, during  
17 the regular City Council meeting commencing at 1:30 p.m. in the City Council Chambers on the  
18 first floor of the County-City Building, 555 South 10th, Lincoln, Nebraska; that at such public  
19 hearing, the City Council heard all protests and received evidence for and against the creation of  
20 the proposed Business Improvement District; that the City Council has ruled upon all written  
21 protests to the creation of such district which were received prior to the close of the hearing, and

7 boundary of the district shall extend to the centerline of any street or alley  
8 abutting thereon.

9 Section 3. Creation of District; Improvements. The Downtown Business Improvement  
10 District is hereby created. The work to be performed and specific improvements proposed to be  
11 made or maintained for such business improvement district shall consist of:

12 a. **Economic Development.**

13 Economic development activities will aim to improve the business climate  
14 of downtown with the goal of attracting and retaining businesses, jobs and investment. While  
15 annual work programs and budgets will be developed in collaboration with stakeholders and  
16 approved by the Downtown Lincoln Association board of directors, programs will be selected  
17 from a variety of options that may include the following:

18 (1) Facilitate efforts with property owners, brokers and businesses to  
19 fill under-utilized downtown properties.

20 (2) Conduct business retention efforts to encourage existing  
21 businesses to grow, including initiatives and support services to encourage local independent  
22 retail.

23 (3) Help attract new investment and catalytic projects that are  
24 consistent with the vision and goals of the 2005 Downtown Master Plan.

25 (4) Design and produce investor marketing packages to assist real  
26 estate brokers, developers and property owners in business recruitment efforts.

1 (5) Maintain a district database with local market and real estate  
2 information.

3 (6) Trouble-shoot and liaison services to assist property and business  
4 owners to invest and operate in the district.

5 (7) Enhance research and development of the downtown website.

6 (8) Advertising, including branding and cooperative campaigns and  
7 increased placement and frequency in local media.

8 (9) Promote housing and residential development in downtown.

9 (10) Work with the Lincoln Partnership for Economic Development  
10 (LPED) and the Lincoln Chamber of Commerce to collaboratively position Lincoln for new  
11 business and downtown as a prime business location.

12 **b. Parking and Transportation.**

13 Parking and transportation initiatives aim to make it easier for customers,  
14 employees and visitors to park in and get around the downtown. Approaches include a  
15 combination of improved parking management, promotion, innovative finance and partnerships.

16 Virtually all parking and transportation recommendations from the 1999  
17 Management BID Business Plan have been implemented, including:

18 (1) Allocation of revenue from a meter increase to the City's parking  
19 enterprise fund that has allowed the City to reinvest parking revenues in Downtown parking  
20 improvements.

21 (2) Construction of the Haymarket parking garage.

22 (3) Creation of a database of parking options.

23 (4) Management of a parking validation program for customers.

24 (5) Marketing and education of parking and transportation options.

25 For the next five years, new parking and transportation initiatives may include:

1                   (1)     Implement parking management system recommendations from  
2 the 2005 Carl Walker parking study.

3                   (2)     Investigate options for improving mobility for all modes of  
4 transportation, including bicycles and shuttles, within the downtown and consistent with the  
5 Downtown Master Plan.

6                   (3)     Continue efforts to market and educate downtown stakeholders on  
7 parking and transportation options.

8                   **c.     Communications and Advocacy.**

9                   The Management BIDs support ongoing efforts by the Downtown Lincoln  
10 Association to champion downtown interests and involve property owners, businesses and  
11 residents in crafting pro-active solutions to issues that affect downtown. Ongoing  
12 communications and advocacy initiatives may include:

13                   (1)     Continue to publish a downtown newsletter.

14                   (2)     Conduct periodic BID ratepayer surveys to measure overall  
15 satisfaction with programs.

16                   (3)     Manage media relations activities to project a positive image in  
17 local, regional and national media.

18                   (4)     Increase distribution and enhance the quality of publications,  
19 including the downtown map and directory and activity guides.

20                   (5)     Maintain and improve the Downtown Lincoln website.

21                   (6)     Public relations efforts to promote a positive image and overall  
22 experience.

23                   (7)     Conduct periodic forums and “town hall” meetings to keep  
24 ratepayers informed and involved in downtown development and management issues.

1                   **d.       Management, Support and Reserve:**

2                   Through the Downtown Lincoln Association, the Management BIDs support a  
3 professional staff that delivers programs and advocates on behalf of downtown. The BIDs allow  
4 downtown property owners to project a unified voice and elevate their influence in policies and  
5 issues that affect the central business district. Funds are allocated to office and support services  
6 such as bookkeeping, office rent, insurance, office equipment and professional development and  
7 training for the staff and Downtown Lincoln Association board. An operating reserve is also  
8 budgeted as a contingency for any payment delinquencies and/or unforeseen budget adjustments.

9                   Section 4. Term, Annual Budget and Limitations. The proposed district shall  
10 become effective on September 1, 2006 for a period of ten (10) years to terminate on August 31,  
11 2016. The estimated total annual costs and expenses for the work to be performed within such  
12 district are \$355,651 (first year estimate); provided that, the maximum amount of the first year's  
13 annual assessment for the district shall not exceed \$285,651. In the subsequent nine years the  
14 maximum amount of the annual assessment for the district will not exceed the first year  
15 maximum assessment amount (\$285,651), plus an increase equal to the amount of the Lincoln  
16 Consumer Price Index or 5%, whichever is less. The specific improvements for the first year are  
17 listed for purposes of estimating the costs and expenses of performing the proposed work and  
18 improvements. The assessments levied shall not exceed \$285,651 for the first year. Although  
19 the district proposal is for a ten-year period, the City Council after public hearing shall approve  
20 an annual budget for specific work and improvements in each succeeding year consistent with  
21 the ordinance creating the district. The City Council retains the authority to change, modify and  
22 remove proposed improvements; however, the proposed improvements cannot exceed the scope  
23 of improvements and the annual assessment cannot exceed the maximum amounts of the annual  
24 assessment provided by the ordinance creating the district.

Section 5. Method of Assessment. The costs and expenses for the work proposed to be performed within such business improvement district will be raised through special assessments based upon the special benefits to the property as fairly and equitably assessed by the City Council. The assessments will be levied annually as a percentage of assessed valuation of taxable property within the districts. Based on the recommendation of the Business Area Improvement Board, residential properties, both owner-occupied and rental, are expected to receive full benefit from communications and advocacy services. This adjustment results in residential properties being assessed at 35% of the Downtown BID assessment rate for the purpose of Downtown BID assessments. Thirty-five percent (35%) is the proportion of communication and advocacy services in the Downtown BID budget. For income assisted residential properties that provide low-to-moderate income owner-occupied and/or rental housing, the residential assessment rate will be 50% of the full residential rate, or 17.5% of the Downtown BID assessment rate for the purpose of Downtown BID assessments. The income-assisted adjustment will apply only to units that are restricted to occupancy by "low-to-moderate income households." For mixed use buildings that combine residential and other uses, the property owner may submit evidence supporting a percentage split of the assessed value between residential and other uses for the City Council to consider when sitting as a board of equalization.

Section 6. Contributions. Based on the recommendation of the Business Area Improvement Board, all owners of property exempt from ad valorem taxes within the district shall be invited annually to contribute annually to the City of Lincoln to support B.I.D. activities, promotions and improvements. Any contributions shall be allocated to reduce assessment rates in the district.

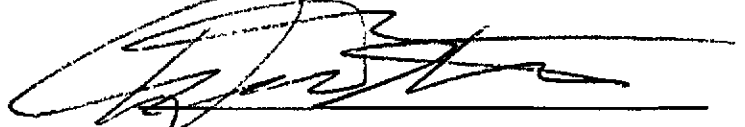

1           Section 7. Boundary Lines. Commonly owned properties that are intersected by a  
2 boundary line establishing the district shall be considered as entirely within the district unless  
3 otherwise determined by the City Council when sitting as a Board of Equalization.

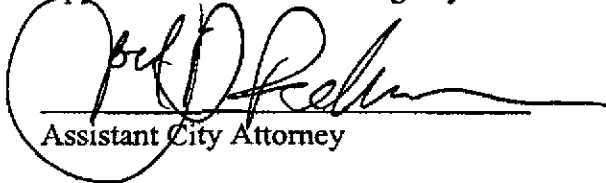

4           Section 8. Enforcement. The special assessments provided herein shall be a lien on the  
5 property assessed superior and prior to all other liens except general taxes and other special  
6 assessments which shall be of equal priority. Liens for special assessments may be foreclosed  
7 and are subject to interest at the statutory rate when payment of the assessment is delinquent as  
8 provided by law. No special assessment made hereunder shall be void for any irregularity,  
9 defect, error, or informality in procedure, in levy or equalization thereof.

10           Section 9. Effective Date. That this ordinance shall take effect and be enforce from and  
11 after its passage and publication according to law.
