Section 2. Lawn Mowing, Landscaping, Snow Removal and Maintenance of Outlots. The Association shall be responsible for providing all law mowing and landscaping maintenance, repair and replacement relating to the Properties, as well as snow removal from sidewalks, drive areas and driveways on the Lots and Outlots. The Association shall be responsible for performing all of the operational, maintenance, repair and replacement obligations relating to the Outlots, including, without limitation, drive and parking areas, landscaping and utilities and any obligations relating to easements in favor of the Association evidenced by this Declaration or by separately recorded easements documents. All of the costs of the obligations of the Association in this Section shall be an Association Maintenance Obligation.

Section 3. Lot Line Walls. Any walls which are built upon the dividing line between Lots (lot line walls) and which are not open to the elements shall not be altered by the Lot Owner. Any cost of maintenance of such lot line walls shall also be part of the Association Maintenance Obligation, except that any maintenance of such lot line walls caused by the negligent or intentional act or omission of any Lot Owner shall not be an Association Maintenance Obligation but shall be charged back to and be the expense of the Lot Owner causing such maintenance to be performed. Such lot line walls are intended to be constructed as walls in common or party walls and the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto. Any damage to such lot line walls that allows for their direct exposure to the outside elements shall be weatherproofed by the Association pending finalization of maintenance thereto.

Section 4. Assessment of Cost. The cost of all Association Maintenance Obligations shall be assessed against all of the Lot Owners and shall be added to and become a part of the annual maintenance assessment or charge to which all Lots are subject under Article V hereof. As part of such annual assessment or charge, it shall be a lien or obligation of the Owner and shall become due and payable in all respects as provided in Article V hereof, provided that the Board of Directors of the Association, when establishing the annual assessment against each Lot for any assessment year as required under Article V hereof, may add thereto the estimated cost of the Exterior Maintenance for that year but shall thereafter make such adjustment with the Owner as is necessary to reflect the cost thereof.

Section 5. Negligence in Maintenance. In the event that the need for maintenance or repair is caused through the willful or negligent act of the Owner, his family, or guests, or invitees, the cost of such maintenance or repairs shall be added to and become a part of the assessment to which such Lot is subject. In the event an Owner fails to make Lot or Living Unit repairs that are the responsibility of the Lot or Living Unit Owners relating to HVAC, decks, stoops, or otherwise as required by this Declaration, the Association may cause such repairs to be made and assessed to the Lot Owner responsible after ten (10) days notice to repair has been given to the Lot Owner by the Association in writing. The Association shall invoice the Owner for the cost of such repairs and the Association shall have the same remedies for nonpayment as provided in Article V of this Declaration.

Section 6. Easement for Access. For the purpose solely of performing the Association duties described by this Article VIII, the Association, through its duly authorized agents or any employees, shall have the right, after reasonable notice to the Owner, to enter upon any Lot at reasonable hours of any day; provided, however, in the event that there is breakage or leakage in the water system or sewer system upon a Lot, no notice need to be given to enter upon the Lot for the purpose of repairing the water system or sewer system. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat of the Properties. The Owner or occupant of a Lot shall neither erect nor permit erection of any building or structure of any kind nor permit any growth of any kind within said easement areas which might interfere in any way with the use and patrolling of any of the utility service and drainage located in the easement areas. In addition, an easement for maintenance is hereby granted in favor of the Association over and across each Lot for the purposes of the Association performing its duties under the terms of this Declaration.

ARTICLE IX.
Additional Restrictions

Section 1. Subject to the ability of the Declarant to own and/or occupy any of the Living Units for model home, sales purposes or management office, each of the Living Units is intended to be used for residential purposes only, provided, however, that the Declarant shall be allowed to place a construction trailer or other similar construction-related facility on the Properties. No business or commercial use shall be permitted in any of the Living Units if such use generates more than two vehicle visits per day to the Living Unit, provided, however, that no daycare or child care facility shall be allowed at any time, and no music lessons or tutoring shall be performed at any time. Any home office that complies with the above restrictions shall be allowed, subject, however, to any city ordinance that may apply.

Section 2. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any lot except that dogs, cats, or other household pets may be kept, provided that they are not kept, bred, or maintained for any commercial purposes. Each living unit shall be permitted to have no more than one (1) dog or one (1) cat, not to exceed 45 pounds in weight, or to have two (2) cats not to exceed 35 pounds in total weight, or to have one (1) cat and one (1) dog not to exceed 35 pounds in total weight, provided, however, that no Pit Bull Terriers or Rottweilers shall be allowed in any case. In the event that any amendments are made to this Declaration which further restrict the keeping of pets, all pets that had existed at the time of such amendment shall be "grandfathered" and shall be allowed to remain in the Living Unit, provided, however, that no replacement pets acquired after the date of the amendment would be allowed if they violate any such amendment. All pets must be kept on a leash and each Owner shall be responsible for cleaning up any waste or mess made by the pet. Any damage done by pets including dragging chains, digging, scratching or chewing, shall be the responsibility of the owner of such pet, including, but not limited to, any damage done to landscaping. The Association shall have the right to require removal of pets in the individual cases where such pets are or become legal nuisances and unreasonably disturb the quiet enjoyment of the Properties by the Owners. The Association may levy a \$25.00 per incident charge for any pet waste that is not cleaned up by the owner of such pet.

Section 3. No noxious or offensive activities not involving the maintenance of Lots shall be carried on upon any Lot, nor shall anything be done thereon which may be or may become an annoyance or a nuisance to the neighborhood.

Section 4. Mailbox designs shall be only as approved by the Board of Directors, or the architectural control committee. No sign shall be placed upon any Lot except those customarily used to identify the name of the resident and the street address of the subject Lot, and real estate signs for the sale or rental of a Lot.

Section 5. No trash receptacles or garbage cans shall be permitted to be placed outside of a building or a structure on any Lot unless hidden by an attractive screen of suitable height and approved by the Board of Directors. This restriction shall not exclude the placement of waste containers outside of such area if required by governmental regulation or by terms of a contract with a commercial operator.

Section 6. No structure of a temporary character, trailer, basement, tent, shack, garage, barn, or other building shall be used on any Lot at any time as a residence, or storage facility, either temporarily or permanently except for a sales trailer temporarily used by the Declarant.

No commercial vehicles, tanks, or commercial equipment of any kind shall be located, stored, or parked on any Lot, provided, however, that the Declarant shall be allowed to place a construction trailer or similar construction related facility on the Premises. No recreational vehicles, including but not limited to, boats, snowmobiles, and trailers, shall be parked or stored on any Lot for more than 7 days out of the year unless stored in the garage, provided, however, that no such items shall be stored inside a garage unless the particular garage used for such storage is still used for the storage of the appropriate number of automobiles (i.e. one automobile in a one-car garage and two automobiles in two car garage). It is not intended that garages shall be used as storage areas, thus requiring automobiles that would otherwise be parked in the garage to be parked in the driveway or in other parking areas. No fence of any kind shall be allowed on any lot at any time.

Section 7. No fence of any kind shall be allowed on any Lot at any time, except for fences required/installed as part of the original site plan or as required at any time by the City of Omaha, and except for any silt/erosion control fences or other fences installed by the Declarant as part of the construction of the Living Units.

Section 8. Lot Owners shall not be allowed to place any personal property, including, but not limited to, play equipment, portable or permanent basketball hoops or similar recreational equipment, storage sheds, animal runs or shelters, hot tubs, whirlpool baths, or spas on their lot or in their Living Unit unless located inside such Living Unit, provided, however, that normal and customary lawn and patio furniture shall be allowed.

Section 9. Any lease arrangement of a Living Unit shall be required to provide that the terms of the lease shall be subject in all respects to the provisions of this Declaration, the By-Laws and Articles of Incorporation of the Association and any rules and regulations established by the Board of Directors; shall contain the agreement of the lessee to be bound by the terms of such documents and shall provide that any failure of the lessee to comply with the terms of such documents or rules shall be a default under the lease or rental agreement. All leases shall be required to be in writing and any Owners leasing or renting a Living Unit, shall, prior to the commencement of the lease or rental term, deliver to the Secretary of the Association and to any management company involved for the Association a complete copy of the lease or rental agreement. No lease shall be for a period of less than thirty (30) days. Any Owner who leases their Living Unit shall remain liable for all the actions of the tenant relating to this Declaration and any rules of the Association. Other than the foregoing, the Owners of the respective Living Unit shall have the absolute right to lease the same.

Section 10. Except as expressly permitted by the Board of Directors of the Association, in its sole discretion, and except as provided herein relating to flower boxes and planters, no gardens, shrubs, flowers or other plants shall be planted by any Owner on any Common Area or Lot.

Section 11. No one shall be allowed to block access to any garage or driveway unless the Living Unit affected is owned by the individual creating such blockage.

Section 12. All visitor/guest parking is intended to be temporary in nature. All visitors and guests staying for extended periods are to park their vehicles in the driveway of their host. Parking in the Common Area shall be permitted only in designated areas. Parking in the ingress/egress easement area is subject to control by the Board of Directors of the Association, which may limit such parking in the Board of Directors' sole discretion. All non-exclusive parking

areas in the Common Area are reserved for visitors and guests and shall not be used by Lot Owners.

Section 13. Any construction or earth moving on any Lot(s) owned by the Lot Owner (whether greater or less than one (1) acre in size) shall be in compliance with all laws relating to storm water discharge permitting. The Lot Owner understands and agrees that he/she is the sole responsible permittee for the Lot(s) with respect to compliance with all terms, provisions and requirements of the NPDEES Storm Water Discharge Permit No. 2 and the storm water pollution prevention plan which includes the Lot(s). Lot Owner shall protect, defend, indemnify and hold Declarant and other Lot Owners harmless from any and all damages, claims, liabilities, fines penalties, cleanup costs and/or attorneys and consultant fees caused by, or in any manner related to: (i) any discharges of soil, silt, sediment, petroleum product, hazardous substances or solid waste from the Lot(s) identified above; and (ii) any alleged violation of any NPDES or storm water discharge rule or regulation, after the date of sale of the Lot(s), which occur while the Lot Owner owns the Lot.

ARTICLE X

Any amendment will be effective only after it is recorded with the Register of Deeds of Douglas County, Nebraska. Notwithstanding anything to the contrary provided herein, however, the obligation of the Association to maintain Outlots in a safe condition and in compliance with all applicable governmental regulations cannot be released by any amendment without the prior written consent of the City of Omaha, Nebraska. Any amendment may be prepared and filed by the Declarant if it relates to correction of technical or typographic errors or for clarification only with such amendment not requiring the percentage votes as described above. No amendment that adds additional property to the terms of this Declaration pursuant to
